MOTIF

Deekshabhoomi

Deekshabhoomi is a sacred monument of Buddhism at the place where the architect of the Indian Constitution, Dr. Babasaheb Ambedkar, went back to Buddhism along with his followers on 14 October 1956. It is the biggest stupa in Asia erected in his memory at this divine point.

(d) Appendices to village Directory

Appendix - I : Summary showing total number of villages having Educational, Medical and other amenities in villages C.D.Block level 1072
Appendix I A : Villages by number of Primary Schools 1080
Appendix I B : Villages by Primary, Middle and Secondary Schools. 1081
Appendix I C :Villages with different sources of drinking water facilities available 1082
Appendix II : Villages with 5,000 and above population which do not have one or more amenities available. 1083
Appendix -III: Land utilization data in respect of Census towns. 1084
Appendix -IV: C.D. Block wise list of inhabited villages where no amenity other than drinking water facility is available 1086
Appendix - V : Summary showing number of Villages not having Scheduled Castes Population 1087
Appendix VI:- Summary showing number of Villages not having Scheduled Tribes population. 1088

Appendix VII A : List of villages according to the proportion of the Scheduled Castes to the total population by ranges. 1089
Appendix VII B : List of villages according to the proportion of the Scheduled Tribes to the total population by ranges. 1139
Appendix VIII : Number of villages under each Gram Panchayat (C.D. block wise). 1191

Section II - Town Directory

(a) Brief Note on Town Directory 1244

(b) Town Directory Statements (I-VII)
Town Directory Statement I - Status and Growth History 1248
Town Directory Statement II - Physical aspects and location of towns, 2009 1264
Town Directory Statement III - Civic and other amenities, 2009 1266
Town Directory Statement IV - Medical facilities, 2009 1270
Town Directory Statement V- Educational, Recreational and Cultural facilities, 2009 1272
Town Directory Statement VI - Industry and Banking, 2009 1276
Town Directory Statement VII - Civic and other amenities in Slums, 2009 1278

(c) Appendix to Town Directory - Towns showing their outgrowth with population 1302

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centres (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i) Status and Growth History of Towns,(ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking and (vii) Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Shri Ranjit Singh Deol, Director of Census Operations, Maharashtra. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl. RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

(C.Chandramouli)
Registrar General &
Census Commissioner, India

New Delhi.

PREFACE

The emphasis on decentralised planning is progressively gaining momentum in India in view of the enactment of Panchayat Raj Institutions at grass-root level. This Handbook provides necessary information required for planning and decision making at the micro level in the context of decentralized planning at District and block level.

In fact, Census has voluminous database systematically organised, updated and structured so that it is of some value and generates valuable information for development. For the best utilisation of such extensive data, the Census Organisation is publishing such primary census data, integrated with other non-census data from secondary sources with village level information and maps as a handbook for each District. The Registrar General and Census Commissioner in his foreword has already provided sufficient details of history and scope of the publication of District Census Handbook.

The design for the 2011 District Census Handbook was evolved centrally by the Census Commissioner, India. In accomplishing this task we have received whole-hearted co-operation of the staff at various levels of different departments of the Government of Maharashtra. Much of the data so provided by this field level officers have been cross checked with the data obtained from various departments and an attempt has been made to reconcile the discrepancies as well through the software provided by the Registrar General and Census Commissioner, India.

I am deeply grateful to Dr.C.Chandramouli, Registrar General & Census Commissioner, India and Shri Deepak Rastogi, Additional Registrar General for their guidance in bringing out this publication. I also express my thanks to Shri A.P.Singh, Deputy Registrar General (Map), Shri A.K.Singh, Deputy Registrar General (Census Division), Dr.Pratibha Kumari, Assistant Registrar General (SS Division), Shri M.S.Thapa, Addl. Director (EDP) and their colleagues for providing technical guidance in finalising this volume.

In this Directorate the DCHB section was spearheaded by Shri Y.S.Patil, Deputy Director under the guidance of Dr. S.S.Hiremath, Joint Director. He was ably assisted by Shri D. B.Gode, Assistant Director, Shri W.A.D'Souza, Statistical Investigator Gr.I and Smt. Winifred A. D'Souza, Statistical Investigator Gr. I.

The physical features have been concurred by the Map section, after incorporating necessary updates, wherever required. The maps inserted are prepared by the Cartography Section under the guidance of Shri D.N. Chaurasia, R.O(Map). I am thankful to the Census Section headed by Smt. B.H. Thakare, Assistant Director, PCA/DDU unit headed by Shri Santosh Payas, Assistant Director and DDE section headed by Shri Vijay Ahire, Deputy Director.

Lastly, I take this opportunity to offer my thanks to all officials in various grades who have been actively involved in voluminous work of compilation and preparation of this volume. The list of the officials of this Directorate closely associated with this work is given in the "Acknowledgements".

Ranjit Singh Deol
Director of Census Operations,
Maharashtra

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to District level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each District. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the District. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the District, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, District census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to Tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional Tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i) Status and Growth History of towns,(ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and

Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

-

Brief History of the District

District Nagpur, named after the present city of Nagpur, was founded at the beginning of 18th century by the Gond king Bakhta Buland. The region around Nagpur was flourishing in the early centuries of the Christian era, but the name of Nagpur was noticed for the first time in records of the tenth century A.D. A copper plate inscription of the Rashtrakuta king Krishna III dated in the shaka year 862, discovered at Devali in Wardha District, records the grant of a village situated in the Visaya (District) of Nagpur– Nandivardhana. Nandivardhana which was well known as an ancient capital of the Vakatakas, is now represented by the village Nandirdhana, about three miles from Ramtek. Nagpur, which was situated near it, may have marked the original site of the modern town of that name. Thus tradition, however, gives the credit for settling the town of Nagpur to the Gond king Bakhta Buland of Devagad.

The royal family of Bhoja was ruling over Vidarbha in ancient times. After the ancient period, Nagpur was at one time under the Yadavas of Devagiri. Nagpur under the Yadavas does not seem to have attained any political importance like the western wing of the Yadava kingdom. By 1292 A.D. the Yadava power was at the height of its glory. It however, began to decline fast when Devagiri was invaded by Alla-uddin-Khilji in 1294. Ramchandra Yadava was taken by surprise and completely defeated. The last ruler of the Yadavas Harapailadeva, was defeated and killed in 1318 A.D. by qutb-ud-din Mubarak Shah.

The Gond rulers of Devagad are directly related with the history of Nagpur. After Gond Rajas, Nagpur District was ruled by Bakhta Buland who was a capable ruler. He extended his kingdom reaching up to the borders of bearer from North and East. He founded the city of Nagpur by joining the twelve small hamlets formerly known as Rajapur Barsa or Barasta. Bakht Buland died in 1706 A.D.

Nagpur attained importance under Chand Sultan, the son and successor of Bakht. Taking advantage of the fast collapsing Moghal Empire after Aurangzeb's death, Chand Sultan captured Paunar in Berar, an important military station. It remained under him for more than twenty years. After Chand Sultan's death in 1738, there was some dispute for the succession among the heirs of Chand Sulthan and his wife Rani Ratankuvar sought help from Raghuji Bhosle. Raghuji exploited the family dispute to his full advantage and became the de facto ruler of the Gond kingdom of Devagad. Later after the death of Raghuji III in 1853, without any heir for succession British did not agree for the adoption of Nagpur gadi. Actually, according to the treaty of 1826, the British had promised to continue the raj of the Bhosles in perpetuity. But this term was very conveniently set aside and the Court of Directors in England concurring with the views of Lord Dalhousie, the Governor-General, ordered to incorporate the State of Nagpur with the British territories.

After freedom and reorganisation of States in 1956, Nagpur along with the other Districts of Vidarbha region became a part of the bilingual State of Bombay. In 1960 the State of Maharashtra came into existence of which Nagpur District forms a part. At the time of 1961 census the District was divided in five Tahsils. At that time there were 1,653 inhabited villages and 12 towns. In 1981, Nagpur District had 1,658 inhabited villages and 16 towns.

In 1991 Census Nagpur District had 14 Tahsils and 1878 villages and 23 towns. In 2001 Census, the number of Tahsils remained same with 1869 villages and 29 towns. In 2011 Census the District has 14 Tahsils, 41 towns and 1859 villages (including 242 uninhabited villages).

-

ANALYTICAL NOTE

Physical features

Location and Size

Nagpur District lies at the southern base of the Satpuda hills in the north-east Maharashtra. It is situated between 20^{o} 35' and 21^{o} 46' north latitudes and 78^{o} 15' and 79^{o} 40' east longitudes. It is surrounded by Madhya Pradesh State in the north, Bhandara District in the east, Chandrapur District in the south, Wardha District in the south-west and west and Amravati District in the north-west.

The District has an area of 9,892 Sq.kms., and a population of 46,53,570 persons as per Census 2011. While the area of the District accounts for 3.21 percent of the total area of the State, the District population constitutes 4.14 percent of the total population of the State. The density of population is 470 persons per Sq. km. Among the 35 Districts of the State, the District ranks 14^{th}in terms of area, 5^{th}in terms of population and 6^{th}in terms of density.

District headquarters is located at Nagpur town, which is a large city with population of 24,05,665 persons as per 2011 Census. Nagpur city is an important administrative, commercial and industrial centre in the State and is well connected by rail, roads and air from other parts of country.

Physiography

India has been divided into four macro level physical divisions. These are The Northern Mountains, The Great Plains, The Deccan Plateau and The Coastal Plains and Islands.

Maharashtra falls under two of these macro level divisions 1) The Deccan Plateau and 2) The Coastal Plains and Islands. The north-south running Sahyadri range separates these two divisions. The Deccan Plateau lies to the east while the Coastal Plains and Islands lie to the west up to the Arabian Sea. The Deccan Plateau is much larger of the two divisions and includes twenty nine Districts of the State while only six Districts lie in the Coastal Plains and Islands.

The whole Deccan Plateau is sub-divided into 12 meso regions. Of these, only 2 meso regions i.e. Northern Maharashtra and The Maharashtra Plateau lie within the State. Northern Maharashtra is further divided into 2 micro regions i.e. The Tapi-Purna Valley and The Wardha-Penganga-Wainganga Plain. The Maharashtra Plateau is also further sub-divided into 2 micro regions i.e. The Eastern Plateau and The Western Plateau with Protruded Hills.

The Coastal Plains and Islands are divided into 4 meso regions i.e. Gujarat Region, Western Coastal Region, Eastern Coastal Region and The Islands. Of these, The Western Coastal Region covers Maharashtra. This region is divided into 4 micro level regions i.e. Maharashtra Littoral, Goa Coast, Karnataka Coast and North Kerala Coast. Only Maharashtra Littoral falls within the State of Maharashtra.

The hierarchy of these macro, meso and micro level physiographical divisions within Maharashtra State are as below:

(A) Deccan Plateau:

(i) Northern Maharashtra:

(a) Tapi-PurnaValley: Includes the Districts of Nandurbar, Dhule, Jalgaon, Buldana, Akola, Washim and Amravati.

(b) Wardha-Penganga-Wainganga Plain: Includes the Districts of Wardha, **Nagpur**, Yavatmal, Bhandara, Gondiya, Gadchiroli and Chandrapur.

(ii) Maharashtra Plateau:

(a) Eastern Maharashtra: Includes the Districts of Aurangabad, Jalna, Parbhani, Hingoli, Nanded, Bid, Osmanabad, Latur, Solapur, Sangli and Kolhapur.

(b) Western Maharashtra with Protruded Hills: - Includes the Districts of Nashik, Ahmadnagar, Pune and Satara.

(B) Coastal Plains and Islands:

(i) Western Coastal Plains:

(a) Maharashtra Littoral: Includes the Districts of Thane, Mumbai (Suburban), Mumbai, Raigarh, Ratnagiri and Sindhudurg.

Nagpur District is a part of Wardha-Penganga-Wainganga plain which is micro level division of Deccan Plateau. Most of the District is an undulating plateau which has been incised by many rivers/streams. On the basis of local variation in relief and other characteristics, the District can be grouped into three types of physical features as (i)The hills of Satpura (ii) The uplands of Kanhan and Umred and (iii) The Plains of Nagpur and Katol.

Occupying the parts of Ramtek, Parseoni and Savner Tahsils, Satpuda hills run east-west in extreme north-east along the State boundary within the District. This range forms almost continuous barrior and is pierced only in two places where the Kanhan and Pench rivers have broken through. It has an attitude varying between 450–550 metres above from sea level. These hills have a fairly dense cover of forest. Manganese ores are found in these hills.

Kanhan uplands occupy part of Narkhed, Katol, Savner and Hingna Tahsils. It is narrow in north and has long base in south. The upland slopes towards west in western part while in eastern part it slopes towards south-east. The height of this upland varies between 400-500 metres above the mean sea level. It is dissected by several small streams which have resulted in uneven surface. Soils are shallow mixed with sand. Pulses and groundnuts are grown in these soils.

Umred uplands include parts of Kuhi, Bhiwapur and Umred Tahsils in the southern parts of District. General height of these uplands is above 350 metres and it slopes towards east and north-east. The upper slopes of upland are covered with forests. Soils are poor, shallow mixed with red gravel covered with boulders. Jowar, Pulses and Sesame are grown here. In the leveled soils cotton is also grown.

Nagpur plain spreads over the Kamptee, Nagpur, Mouda and parts of Kalmeshwar, Savner, Parseoni, Ramtek, Hingna, Nagpur (Rural) and Kuhi Tahsils. In fact, this plain is formed by Kanhan river and its tributaries which flow in south-easterly direction through the middle of the plain and merged in Wainganga river. This wide and open plain gradually slopes towards south-east and it is situated at the height around 300 metres above the mean sea level. However, the upper reaches in the extreme north attains height above 400 metres. A thick layer of black soils, clayey in texture, fine grained and retentive of moisture is found in this plain; which is known as black cotton soil. The main crops grown are cotton, groundnut, jowar, wheat and paddy.

Katol plains include parts of Katol and Narkhed Tahsils and falls under Wardha drainage system drained by Jam river, a tributary of Wardha river. The plain has an elevation varying between 200 to 300 metres and in general, slopes towards west. The surface is smooth in nature having very rich and fertile soils suitable for horticulture. Cotton, Jowar, Groundnut and Wheat are grown in this soil.

Drainage

The District is drained by two drainage systems. More than half of northern portion, central and eastern portion of the District is drained by the Wainganga river and its tributaries. The north-western, central and south-western part of the District is drained by the Wardha river and its tributaries the Jam, Kar and Wunna river.

The Wainganga river rises in the Chhindwara and Seoni plateau of Madhya Pradesh. The Wainganga itself drains only a small part in the extreme east of the District. It forms a small part of the District boundary with Bhandara District. The Kanhan is the chief tributary of the Wainganga within the District. It rises in the Satpuda range in Madhya Pradesh and enters the District near Baregaon. It flows in a general south-easterly direction and is joined by the Pench and the Kolar rivers near Kamptee. Other tributaries are Bawanthari, Sur and Amb river.

The Wardha River rises to the east of Multai in Madhya Pradesh. The river itself drains only a small portion in the extreme north-west of Nagpur District but its tributaries, the Jam and the Kar, drain a much larger portion. The Jam rises among the hills south of Kondhali. It initially flows northwards and then turns westwards a little beyond Katol and joins the Wardha at Jalalkheda. The Kar also rises in the same range but flows directly north-west to meet the Wardha at Khargad. It forms a part of the District boundary between Nagpur and Wardha District. The other important tributary is Wunna, which rises within the District near the hill of Mahadagad in the pilkapar ranges. It flows in a general southward direction to join the Wardha river outside the District. The Bor and the Nanad are important tributaries of the Wunna and both join it outside the District.

Climate

The climate of the District is characterised by a hot summer, well distributed rainfall and general dryness except during the rainy season. The year may be divided into four seasons. The cold season is from December to February and is followed by the hot season from March to May. June to September is the south-west monsoon season and October and November constitute the post-monsoon or retreating monsoon season.

The rainfall in the District is well distributed and the variation in the annual rainfall from year to year is not large. The average annual rainfall is 1161.54 mm. About 90 per cent of the total rainfall is received during the south-west monsoon season and the maximum rainfall received during the month of July.

During the south-west monsoon season the air is humid and the skies are heavily clouded to overcast while during the rest of the year the air is generally dry and the skies are clear. During the monsoon months, in association with depressions from the Bay of Bengal that move westward, the District experiences widespread heavy rain and strong winds. Dust storms sometimes occur in the summer season. From March to May is a period of rapidly increasing temperature. May is the hottest month of the year with the mean daily maximum temperature at 42.7^{0} C. The heat during the day is severe but nights are comparatively cooler. Sometimes afternoon heat is relieved by thundershower. There is an appreciable drop in temperature by the second week of June with the onset of the south-west monsoon. With the withdrawal of south-west monsoon day temperatures increase slightly while in night temperature progressively decreases. From about the end of November both day and night temperature fall rapidly and December is usually the coldest month of the year, with the mean minimum temperature at 14^{0} C. The cold waves over northern India sometimes affect the District and temperature may drop to about 4^{0} C.

Natural Economic Resources

Forestry

This includes all land classified as forest under any legal enactment dealing with forest or administered as forest, whether state owned or private and whether wooded or simply maintained as forest land. Within the forest area itself, there may be occasionally cultivated patches or grazing lands, but such area is shown under column 104 of the Village Directory as forest. The process of regularization of land grants and effecting relevant changes in the basic records of survey and

settlement are somewhat protracted and time consuming. Therefore the information based on records is in some cases at least, likely to be different when compared with the actual field situation.

In Nagpur District most of the forest area is located in both sides of the Pench river, at the foot hills of Satpuda hill range in Ramtek Tahsil. Besides this Katol, Narkhed, Kuhi, Hingna and Bhiwapur Tahsils are also having forested area. The major forest products are fine quality of teakwood and firewood. Other produce is salai, Dhawda, Khair, Bamboo, Palas, Tendu etc.

Minerals and mining

The archaeans of Nagpur District are comprised of two distinct lithological units; the older unit comprises gneisses and schists resulting from repeated metamorphism of ancient sediments and a younger group of gneisses representing perhaps a granitic intrusion into above metsediments. As both these rock units have suffered intense deformation and metamorphism it is difficult to distinguish them from each other and hence are generally grouped together as unclassified metamorphic and crystalline series.

Rocks referable to the Talchir, Barakar and Kamthi stages of the Gondwans system of fluviatile and lacustrine origin were deposited in troughs, generally produced by faults. There is a marked unconformity between the Barakars and Kamthis. During the time interval indicated by this unconformity Barakars were partly or completely eroded away in some areas and the Kamthis rest directly over the Talchirs.

Lametas are fresh water deposits which rest horizontally over the older Gondwanas and Archaean rocks with an unconformity. Lametas which rarely attain a thickness up to 8 metres grade form calcareous sandstones to sandy limestones with intercalations of chert and clay.

The western part of the District is covered by layers of dolerite and basaltic lavas commonly known as ‘traps’ because of step like appearance of their outcrops. These traps are of fissure-eruption type, i.e. they welled up through long narrow fissures in the earth’s crust and flowed out as horizontal layers one over the other. Layers of fresh water sedimentary rocks are interbedded with the Deccan basalt flows. They range in thickness from a few centimetres up to two metres and are composed of cherts, impure limestone and pyroclastic material including trap detritus.

In the Archaean area the rocks are hidden beneath a considerable thickness of alluvial soil deposited by the Kanhan and Wainganga river systems. In the trappean area the soil is usually the black cotton soil known as regur with Kankar, which is also found in the soils on the Archaean areas.

Unlike most of Maharashtra, Nagpur District has a fair amount of economically important minerals. Manganese was first extracted in the District in 1900 and some of the most famous mines are located in the District. Much of the workable ore bodies occur as lenticular messes and bands intercalated in quartzites, schists and gneisses and appear to have been formed, at least in part, by chemical alteration. Much of the ore produced in the District is exported while a part is used in the indigenous Ferro-manganese industry. Manganese deposits are worked at Kodegaon, Gumgaon, Ramdongri, Kandri, Parsoda, Borda, Parseoni, Beldongri, Lohdongri, Kachurwahi, waregaon, Khandala, Manegaon and a number of other places. Coal seams to have been found in Barakar beds at various levels down to 100 metres from the surface. Coal fields are found near Kanhan railway station, Tekadi, Sonegaon in the Kamptee-Savner belt and in several other places.

The lamenta beds at Kelod and Chincholi contain workable limestones and several bands of crystalline limestones are found in the Archaean rocks near Koradi, Baregaon and in the north-east part of the District. Much of these limestones are however, too impure to be used as a source of lime but have been used for making railway bridges in the District. Kankar which occurs extensively on the soil mantle is locally burnt for making lime used in mortar for construction purposes.

The alluvial tracts of the Kanhan and Wainganga systems yield excellent brick-making clay and the trap rocks being hard, dense and durable make excellent building stone. Pottery clay are worked near Shemda, Chorkhairi, Khairi and Bazargaon. Yellow ochre is associated with the Deccan lava flows at Kalameshwar and is locally used as a cheap distemper. Minor occurrences of tungsten, copper and local ores are also found.

Soil and Cropping Pattern

The geology of the District is transitional with trap rocks predominating in the western portion. Due to the undulating topography of the District, erosion has also played an important part in the formation of soils. The soils of the District may broadly be divided into six classes; (1) Kali (2) Morand, (3) Khardi. (4) Bardi, (5) Kachchar and (6) Wardi.

Kali soil

Kali or black cotton soil is rich, fine grained and retentive of moisture. When dry the soil hardens into large clods and when wet can be easily broken by hand. The soil is deep black in colour, clayey in texture and varies in depth from about 1 metre to 6 metres or more. This soil is found around Narkhed and katol in the Wardha valley and in the Nagpur plains. The main crops grown in this soil are cotton, groundnut, jowar and wheat.

Morand soil

The predominant soils in the District are Morand soils which are also black cotton soils but have a higher percentage of lime than the Kali soils. These soils are black, grey or dark to light brown in colour, clayey in texture and have a depth of about 1 to 3 metres. Both kharif and rabbi crops are taken from these soils. The chief crops grown are cotton, jowar, groundnut, wheat, linseed and pulses.

Khardi soil

Khardi soils are shallow soils mixed with sand and are found mainly in the hills. These soils are gray in colour, clay loam in texture and blocky in structure. Pulses and groundnut are the main crops grown in these soils.

Bardi soil

These soils are found on the summits and slopes of the trap hills. These soils are similar to khardi soils but less fertile. Jowar, sesame and pulses are taken from these soils. Where the soil is leveled cotton can also be grown.

Kachchar soil

Kachchar soils mainly found on the banks of the Kanhan river. These are alluvial soils, loamy in texture and vary in depth from about 1 to 3 metres. During floods, the land receives a fresh layer of silt which meals for bumper crops for the next few years. Cotton, garden crops and similar crops are grown in these soils.

Wardi soil

These are red soils with a large amount of sand. It is shallow in depth and sandy clay loam in texture. These soils are mainly found in the paddy tract in the east of the District.

Agriculture

Most of the people of this District are engaged in agricultural activities i.e. as per 2011 census. 11.06 percent of the total workers are engaged as cultivators and 22.67 percent of the total workers are engaged as agricultural labourers in the District. Together constitute 33.73 percent of the total workers of the District.

Irrigation

The Concept of irrigation implies the existence of source of water supply within a reasonable distance and an arrangement to regulate the supply of the water according to the day-to-day needs of the crops rose in these fields. Naturally therefore all areas, which are cultivated under purely rain fed conditions, are treated as un-irrigated lands.

Columns 113 and 114 of the Village Directory give all the agricultural land and when added together would correspond to the net area sown. Area sown more than once during the same year, if any, in the village is counted only once under this column. Columns115 to 119 give source wise breakup of the irrigated area. All lands that are lying uncultivated as fallow for more than 5 years in succession are recorded as permanent fallow (Culturable waste) and are covered under column 109.

Animal Husbandry

As per Census of livestock of 2003, the information on important number of livestock and livestock indicators are given below.

1) Total Cross bred / Indigenous Cattle	---	5,48,173
2) Total Buffaloes	---	84,405
3) Total Sheeps	---	10,111
4) Total Goats	---	2,71,767
5) Total Equine	---	1,975
6) Total Donkey	---	478
7) Other Livestock	---	67,031
8) Total Hen	---	3,09,711
9) Total Poultry	---	7,07,807

Source: Livestock Census 2003, as published in District Socio-Economic Review, 2010

In the District there are 5,48,173 crossbred/indigenous cattle, 84,405 buffaloes, 10,111 sheeps, 2,71,767 goats, 1,975 equine, 478 donkeys. The number of total poultry is 7,07,807 including 3,09,711 hens.

Fishery

Fishing is mainly carried out in the Wainganga, Wardha, Kanhan and Pench rivers and in lakes and tanks. There is 15,037 hectare area favourable for pisciculture in the Nagpur District. Besides this 650 km., river belt is also available. The chief fishing communities are Bhois, Kahars and Dhiwars. Fishing is mainly done by means of cast, drag and gill nets. The commercially important varieties of fish caught in the District include Alkut, Tanbra, Kanoshi, Bata, Dutondi, Wagar, Singee, Bodh, Aheer, Vam etc. Fast growing varieties at major carps like Rahu, Catla and Mrigal are imported from Kolkata every year and are stocked in tanks. They are cultured on a large scale and form a great portion of the major fishery. In the year 2009-10, about 10,900 metric tonne fish products were gained by which Rs.3, 815 lakhs was received as income.

Industry

Industrially, Nagpur District is one of the advanced Districts in Maharashtra. The industrial development has taken place mostly at Nagpur city and some small towns. There are a number of large scale units such as cotton textiles, cotton ginning and pressing, saw mills, paper and straw-board, ceramics, ferro manganese and steel-re-rolling etc. The most of important small scale industries in the District are cotton textiles, art-silk, manufacture of rice from paddy, handloom

weaving, carpet weaving, cotton ginning, timber sawing, castings, repairing of motor vehicles etc. There are a number of cottage industries in the District. Nagpur handloom sarees are very famous and have a good market all over the State. The well-known silk-border cloth is exported from Nagpur to various part of the country. The District is rich in minerals.

Trade and Commerce

The chief manufactured articles are coal, medicine, tractor, belts (industrial), gas cylinders, handloom cloth and sarees, coloured GI sheets, bidi, groundnut, ginned cotton, orange juice, bricks, burnt bricks, iron and art furniture, earthen pots, woollen blankets, cotton bales, herbal products, plastic goods and bags, wooden boxes, toys, suitcases, plastic and cement pipes, dry fish, tiles, rice, bread, wheat, soyabean, colgate products, plastic utensils, defence goods, food grains and A.H.valves etc.

Transport

Number of Motor Vehicles registered in the District (2009-10)
(Number of Motor vehicles and Permit-holders)

2	Heavy Vehicles	24544	-	-	-
3	Auto rickshaw	15025	-	-	-

Source: Regional Transport Officer, Nagpur, as published in District Socio-Economic Review, 2010

It may be seen that the District has 10,20,295 two wheelers. There are 29,452 Jeeps, 2,744 taxies, 18,076 auto rickshaws, 5,355 buses and 86,030 Cars and Station Wagons. Besides, 1,472 other modes of transport, the District also has 9,951 tractors and 6,602 trailers as means of transport. There are 5,745 Light Vehicles permit holders, 24,544 Heavy Vehicles permit holders and 15,025 auto rickshaw permit holders in the District.

Electricity & Power

Most of the villages are electrified in the District. 1,588 villages (98.21 percent) of the total 1,617 inhabited villages and all the towns enjoy power supply.

Gram Panchayat, its composition, jurisdiction and the role in the Development of village and its economy.

Gram Panchayat is the lower most rung of the democratic set-up of India. It is governed by the 'Bombay Village Panchayat Act, 1958'. The 'Sarpanch' and in the absence of Sarpanch, the 'Upa-Sarpanch' preside over every meeting of 'Gram Sabha'. At least four meetings of the 'Gram Sabha' are held every year. Sarpanch and UpaSarpanch are elected from amongst the elected members of the Panchayat.

73rd Constitutional Amendment

To make Panchayat Raj Institutions strong and to give more power to the people, the State Panchayat Act has been amended in confirmation with the 73rdConstitutional amendment, which is implemented in the State in April 1994. The Main fundamental provisions of the 73rd Constitutional amendments are as follows:

1. Constitution of Panchayat Raj Institutions at village, Intermediate (Development Block) and District level.
2. The seats and the offices of the Chairpersons in the Panchayats at all the levels to be reserved in favour of Scheduled Castes and Scheduled Tribes in proportion to the percentage of population of the Scheduled Caste or Scheduled Tribe, as the case may be.
3. The elections to these Panchayat Raj Bodies to be held at the interval of every five years.
4. Powers, Authority and Responsibilities of Panchayats:-
   (a)The preparation of plans for economic development and social justice.
   (b)The implementation of schemes for economic development and social justice as may be entrusted to them including those in relation to the matters listed in the Eleventh Schedule.
5. An independent State Election Commission to conduct the elections.
6. Powers to impose taxes by and funds of, the Panchayats.
7. Constitution of Finance Commission by the State at the expiry of every five years term to review the financial position of the Panchayats and to make recommendation regarding distribution of State resources between the State and the Panchayat.

Constitution of Gram Panchayat

The Gram Panchayat consists of not less than seven and not more than seventeen members elected from Wards on the basis of adult franchise. They hold office for a term of five years. Among these, a few seats are reserved for persons belonging to the Scheduled Castes, the Scheduled Tribes, Backward Class of citizens and Women, as may be determined by the State Election Commission in the prescribed manner.

Administrative powers and duties of Panchayats

Administrative powers and duties of Panchayats are - to take care of the funds at its disposal, to take over and maintain water supply schemes through "Village Water Supply Fund", to make provision for carrying out within/outside the village any work subject to any directions made by State Government for any scheme or for any purpose sponsored by the Government, to make provision for carrying out work which is likely to promote health, safety, education, comfort, convenience or social or economic or cultural well- being of the inhabitants of the village, to make provision for entertainment, public reception, contribution towards annual gathering, to encourage farmers and co-operative societies to increase and improve agricultural production etc.

Powers and duties of Panchayats in the Scheduled areas

Powers and duties of Panchayats are - to obtain from the Gram Sabha a certification of utilization of funds for the plans, programmes and projects, prospecting licence or mining lease for minor minerals, control on erection of building, to remove any obstructions and encroachments upon public streets and open sites etc.

Establishment, Budget and Accounts

The day to day work of the Panchayat is done by Secretary of Panchayat. The Chief Executive Officer of Zilla Parishad appoints the Secretary of Panchayat. His salary is paid from the District fund.

The budget of the village Panchayat is submitted to the Panchayat Samiti. It covers opening balance in the fund, estimated income, proposed expenditure and the amount to be contributed to the District Village Development Fund. The sanctioning authority of the village budget is Panchayat Samiti.

Taxation and Recovery of Claims

The taxes levied by the Panchayat are - tax on buildings and lands, betterment charge or the lands benefited from schemes or projects undertaken by Panchayat from 'Village Fund', pilgrim tax, tax on fairs, festivals and other entertainments, tax on bicycles and on vehicles drawn by animals, tax on professions, trades, callings or employments, shop keeping and hotel-keeping, general sanitary cess, general water rate, a lighting tax, fee on markets and weekly bazars, fee on car stands/tonga stands, special water tax for water supplied through pipes, fee for the supply of water from well and tank for purposes other than domestic use and for cattle, fee for temporary occupation on public street, special sanitary cess upon private latrines, fee for cleaning cess pool, fee for grazing cattle, fee on the registration of animals, lump sum contribution by factories in lieu of taxes levied by Panchayat, farming of fees on markets, collection of cess on every rupee of land revenue etc.

Financial Assistance to Panchayats

Gram Panchayat receives financial assistance from the State Government, loan by Zilla Parishad, Equalisation grant, Village Water Supply Fund and District Village Development Fund.

Gram Panchayat-role in the Development of the village

Since the Gram Panchayat controls the village fund, it has an immense role in the development of the villages. It makes reasonable provision within the village and submits to the Panchayat Samiti for approval. It supervises the village water supply scheme. It makes provision for carrying out within the village any work which promotes health, safety, education, comfort, convenience or social or economic or cultural well-being of the inhabitants of the village.

Gram Panchayat can make provision for any public reception, ceremony or entertainment within the villages or make contribution towards at annual gathering or such other gathering of Panchayats in the District or the State.

It encourages farmers of the village to make use of co-operative societies in increasing and improving agricultural production. It supervises primary schools situated within the area of its jurisdiction.

Last but not the least, it is duty bound to take measures for the amelioration of the condition of Scheduled Castes and Scheduled Tribes and Other Backward Classes and in particular, in the removal of untouchability carry out the directions issued in this regard from time to time by the State Government.

Objectives of the Local Self Government

With a view to promote development of democratic institutions and to secure greater measure of participation by the people in Development Plans and in local and governmental affairs by decentralization of powers and functions, Zilla Parishad and Panchayat Samitis(C. D. Blocks) have been established in the District of Maharashtra in the year 1962 under the Maharashtra Zilla Parishad and Panchayat Samiti Act of 1961. The jurisdiction of Zilla Parishad and Panchayat Samiti i.e. C.D. Blocks corresponds to the District and Tahsil boundaries except that the statutory towns are not covered by them.

The local self-bodies are working as agencies of State Government. The 73rd Constitutional Amendment gave local self-bodies the constitutional status. The new power bestowed upon them gave a great impetus to the development plans and its implementation.

Zilla Parishad

The Zilla Parishad has the authority for the purposes of the Act over the area for which it is established. The authorities charged with carrying out the provision of this Act for each District are–

a) The Zilla Parishad,

b) Panchayat Samiti,

c) The Standing Committee,

d) The Subjects Committees,

e) Presiding authorities,

f) The Chief Executive Officer and

g) The Block Development Officer.

The Zilla Parishad is assisted in its function by number of departments and each department is headed by class I or class II officers of the State Services.

Zilla Parishad consists of Councillors directly elected on the basis of adult franchise from electoral divisions in the District for a term of five years. The number of councillors being not more than seventy-five and not less than fifty, some seats of councillors are reserved for the persons belonging to Scheduled Castes, Scheduled Tribes, Women and Backward Class citizens.

Grants to Zilla Parishad

1. Grant of 7 percent of forest revenue to Zilla Parishad.

2. Purposive grant – State Government pays every year to Zilla Parishad a grant for works and development schemes transferred to Zilla Parishad.

3. Establishment grant – State Government pays by way of establishment grant, the average cost on account of the salaries and allowances.

4. Local cess matching grant – State Government pays a local cess matching grant to be paid to Panchayat Samiti through the Zilla Parishad.

5. Incentive grant – State Government pays to Zilla Parishad an incentive to speedier development.

6. Grants for plan schemes – State Government pays grant for such works and development schemes relating to any subject enumerated in the District List as are included in the development plan of the State.

7. Block grant – State Government pays to each Panchayat Samiti through Zilla Parishad for carrying one such work and development scheme.

The development work of the District is carried out through the various committees appointed for the purpose by the Zilla Parishad. The executive power for the purpose of carrying out the provisions of the Act lies with the Chief Executive Officer, who is appointed by the State Government.

All the development work within the District is carried out by the Zilla Parishad through the District Fund at its disposal.

The Deputy Chief Executive Officer works as the ex-officio secretary of the Zilla Parishad.

Panchayat Samiti

Panchayat Samiti consists of members elected by direct election, its jurisdiction being the C.D. Block. The term of the members is five years. The Block Development Officer is the ex-Officio Secretary of the Panchayat Samiti. The Chairman and Deputy Chairman are elected by and from amongst the members of the Panchayat Samiti.

The overall plan of work and development schemes within the block is prepared and executed by the Panchayat Samiti.

Devolution of Powers and functions.

As per the 73rd Constitutional Amendment, Articles 243-G and Schedule 11 of the Constitution, 29 subjects are to be transferred to the Panchayat Raj institution. The State Government implemented this amendment in April 1994 and provisions were made in the State Panchayat Raj Act to transfer these subjects to the Zilla Parishads, Panchayat Samitis and the Village Panchayats.

Source: 1. Bombay Act No. III of 1959 (The Bombay Village Panchayats Act, 1958).
2. Maharashtra Act No. V of 1962 (The Maharashtra Zilla Parishads and Panchayat Samitis Act, 1961).
3. 73rd Constitutional Amendment.

Urban local bodies

The statutory urban local bodies are Cantonments, Municipalities or Municipal Corporations. The urban local bodies elect a Councillor from each of the Wards. The President of the Municipal Council or the Mayor of the Corporation and also his Deputy are elected from amongst the elected Councillors. The Chairmen of the various committees are also elected from amongst the elected Councillors. Although for day-to-day administration, the Chief Officer is responsible for a Municipal Council, he works under the administrative control of the President of Municipal Council.

Census concepts

Building:

A 'Building' is generally a single structure on the ground. Usually a structure will have four walls and a roof. Sometimes it is made up of more than one component unit which are used or likely to be used as dwellings (residences) or establishments such as shops, business houses, offices, factories, workshops, work sheds, schools, places of entertainment, places of worship, godowns, stores etc. It is also possible that building which have component units may be used for a combination of purposes such as shop-cum-residence, workshop-cum-residence, office-cum-residence, etc., but in some areas the very nature of construction of houses is such that there may not be any wall. Such is the case of conical structures where entrance is also provided but they may not have any walls. Therefore, such of the conical structures are also treated as separate buildings.

Pucca houses

Houses, the walls and roof of which are made of permanent materials. The material of walls can be any one from the following, namely, stones (duly packed with lime or cement mortar), G.I./Metal/ Asbestos sheets, Burnt bricks, Cement Bricks, Concrete. Roof may be made of from any one of the following materials, namely, Machine-made tiles, Cement tiles, Burnt bricks, Cement bricks, Stones, Slate, G.I./Metal/Asbestos sheets, Concrete. Such houses are treated as pucca house.

Kutcha houses

Houses, in which both walls and roof are made of materials which have to be replaced frequently. Walls may be made from any one of the following temporary materials, namely, grass, unburnt bricks, bamboos, mud, reeds, thatch, plastic/polythene, loosed packed stone, etc., such houses are treated as Kutcha house.

Dwelling Room

A room is treated as a dwelling room if it has walls with a doorway and a roof and should be wide and long enough for a person to sleep in, i.e. it should have a length of not less than 2 meters and a breadth of at least 1.5 meters and a height of 2 meters. A dwelling room would include living room, bedroom, dining room, drawing room, study room, servant's room and other habitable rooms. Kitchen, bathroom, latrine, store room, passageway and veranda which are not normally usable for living are not considered as dwelling rooms. A room, used for multipurpose such as sleeping, sitting, dining, storing, cooking, etc., is regarded as a dwelling room. In a situation where a census house is used as a shop or office etc., and the household also stays in it then the room is not considered as a dwelling room. But if a garage or servant quarter is used by a servant and if she/ he also lives in it as a separate household then this has been considered as a dwelling room available to the servant's household. Tent or conical shaped hut if used for living by any household is also considered as dwelling room.

A dwelling room, which is shared by more than one household, has not been counted for any of them. If two households have a dwelling room each but in addition also share a common dwelling room, then the common room has not been counted for either of the households.

Census house

A 'census house' is a building or part of a building used or recognised as a separate unit because of having a separate main entrance from the road or common courtyard or staircase, etc. It may be occupied or vacant. It may be used for residential or non- residential purpose or both. If a building has a number of Flats or Blocks/Wings, which are independent of one another having separate entrances of their own from the road or a common stair case or a common courtyard leading to a main gate, these are considered as a separate census house.

Village

The basic unit for rural areas is the revenue village which has definite surveyed boundaries. The revenue village may comprise of one or more hamlets but the entire village is treated as one unit for presentation of data. In unsurveyed areas, like villages within forest areas, each habitation area with locally recognized boundaries is treated as one village.

Rural-Urban area

The data in the census are presented separately for rural and urban areas. The unit of classification in this regard is 'town' for urban areas and 'village' for rural areas. The urban area comprises two types of towns viz: Statutory towns and Census towns. In the Census of India 2011, the definition of urban area adopted is as follows:

(a) Statutory Towns: All places with a municipality, corporation, cantonment board or notified town area committee, etc. are known as Statutory Towns.

(b) Census Towns: All other places satisfying the following three criteria simultaneously are treated as Census Town.

i) A minimum population of 5,000 :

ii) At least 75 per cent of male working population engaged in non-agricultural pursuits; and

iii) A density of population of at least 400 per sq. km. (1,000 per sq.mile)

For identification of places which would qualify to be classified as 'urban' all villages, which, as per the 2001 Census had a population of 4,000 and above, a population density of 400 persons per sq. km. and having at least 75 per cent of male working population engaged in non-agricultural activity were considered. To work out the proportion of male working population referred to above against (b) (ii), the data relating to main workers were taken into account. In addition to the above stated towns, urban areas also constitute of O.Gs which are the parts of U.As.

City

Towns with population of 100,000 and above are called cities.

Urban Agglomeration

An Urban Agglomeration is a continuous urban spread constituting a town and its adjoining urban outgrowths (OGs) or two or more physically contiguous towns together with or without urban outgrowths of such towns. In some cases railway colonies, university campuses, port areas, military camps etc., may come up near a statutory town outside its statutory limits but within the revenue limits of a village or villages contiguous to the town. Each such individual area by itself may not satisfy the minimum population limit to qualify it to be treated as an independent urban unit but may qualify to be clubbed with the existing town as their continuous urban spread (i.e., an outgrowth). Each such town together with its outgrowth(s) is treated as an integrated urban area and is designated as an 'Urban Agglomeration'. For the purpose of delineation of Urban Agglomerations during Census of India 2011, following criteria has been adopted :

(a) The core town or at least one of the constituent towns of an urban agglomeration should necessarily be a statutory town ; and

(b) The total population of an Urban Agglomeration (i.e., all the constituents put together) should not be less than 20,000 as per the 2001 Census. It varying local conditions, there were similar other combinations which have been treated as Urban Agglomerations satisfying the basic condition of contiguity.

Out Growth (OG)

The outgrowth is a viable unit such as a village or a hamlet or an enumeration block and clearly identifiable in terms of its boundaries and location. While determining the outgrowth of a town, it has been ensured that it possesses the urban features in terms of infrastructure and amenities such as pucca roads, electricity, taps, drainage system for disposal of waste water etc., educational institutions, post offices, medical facilities, banks etc., and physically contiguous with the core town of the UA.

Household

A 'household' is usually a group of persons who normally live together and take their meals from a common kitchen unless the exigencies of work prevent any of them from doing so. Persons in a household may be related or unrelated or a mix of both. However, if a group of unrelated persons live in a census house but do not take their meals from the common kitchen, then they are not constituent of a common household. Each such person was to be treated as a separate household. The important link in finding out whether it was a household or not was a common kitchen/common cooking. There may be one member households, two member households or multi-member households.

Institutional household

A group of unrelated persons who live in an institution and take their meals from a common kitchen is called an Institutional Household. Examples of Institutional Households are boarding houses, messes, hostels, hotels, rescue homes, observation homes, beggar homes, jails, ashrams, old age homes, children homes, orphanages, etc. To make the definition more clearly perceptible to the enumerators at the Census 2011, it was specifically mentioned that this category of households would cover only those households where a group of unrelated persons live in an institution and share a common kitchen.

Houseless household

Households who do not live in buildings or census houses but live in the open on roadside, pavements, in hume pipes, under fly-overs and staircases, or in the open in places of worship, mandaps, railway platforms, etc., are treated as Houseless Households.

Scheduled Castes and Scheduled Tribes

Article 341 of the Constitution provides that the President may, with respect to any State or Union territory, specify the castes, races or tribes or parts of or groups within castes, races or tribes which shall for the purposes of the Constitution be deemed to be Scheduled Castes in relation to that State or Union territory. Article 342 similarly provides for specification of tribes or tribal communities or parts of or groups within tribes or tribal communities, which are to be deemed for the purposes of the Constitution to be Scheduled Tribes in relation to the various States and Union territories. In pursuance of these provisions, the list of Scheduled Castes and/or Scheduled Tribes are notified for each State and Union territory and are valid only within the jurisdiction of that State or Union territory and not outside.

It is important to mention here that under the Constitution (Scheduled Castes) Order, 1950, no person who professed a religion different from Hinduism was deemed to be a member of a Scheduled Castes in addition to every member of the Ramdasi, Kabirpanthi, Majhabi or Sikligar caste resident in Punjab or Patiala and East Punjab States Union were in relation to that State whether they professed the Hindu or the Sikh religion. Subsequently, in September 1956, by an amendment, the Presidential Order of 1950 and in all subsequent Presidential Orders relating to Scheduled Castes, the Hindu and the Sikh religions were placed on the same footing with regard to the specification of Scheduled

Castes. Later on, as per the amendment made in the Constitution (Scheduled Castes) Order 1990, the Hindu, the Sikh and the Buddhist were placed on the same footing with regard to the recognition of the Scheduled Castes.

The lists containing the names of the Scheduled Castes and the Scheduled Tribes applicable for the Census of India 2011 in the State are given below:

Scheduled Castes

1) Ager
2) Anamuk
3) Aray Mala
4) Arwa Mala
5) Bahna, Bahana
6) Bakad, Bant
7) Balahi, Balai
8) Basor, Burud, Bansor, Bansodi, Basod
9) Beda Jangam, Budga Jangam
10) Bedar
11) Bhambi, Bhambhi, Asadaru, Asodi, Chamadia, Chamar, Chamari, Chambhar, Chamgar, Haralayya, Harali, Khalpa, Machigar, Mochigar, Madar, Madig, Mochi, Telegu Mochi, Kamati Mochi, Ranigar, Rohidas, Nona, Ramnami, Rohit, Samgar, Samagara, Satnami, Surjyabanshi, Surjyaramnami, Charmakar, Pardeshi Chamar
12) Bhangi, Mehtar, Olgana, Rukhi, Malkana, Halalkhor, Lalbegi, Balmiki, Korar, Zadmalli, Hela
13) Bindla
14) Byagara
15) Chalvadi, Channayya
16) Chenna Dasar, Holaya Dasar, Holeya Dasari
17) Dakkal, Dokkalwar
18) Dhor, Kakkayya, Kankayya, Dohor
19) Dom, Dumar
20) Ellamalvar, Yellammalawandlu
21) Ganda, Gandi
22) Garoda, Garo
23) Ghasi, Ghasia
24) Halleer
25) Halsar, Haslar, Hulasvar, Halasvar
26) Holar, Valhar
27) Holaya, Holer, Holeya, Holiya
28) Kaikadi (in Akola, Amravati, Bhandara, Buldana, Nagpur, Wardha and Yavatmal Districts and Chandrapur District, other than Rajura Tahsil)[a]

29) Katia, Patharia

30) Khangar, Kanera, Mirdha

31) Khatik, Chikwa, Chikvi

32) Kolupulvandlu

33) Kori

34) Lingader

35) Madgi

36) Madiga

37) Mahar, Mehra, Taral, Dhegu Megu

38) Mahyavanshi, Dhed, Vankar, Maru Vankar

39) Mala

40) Mala Dasari

41) Mala Hannai

42) Mala Jangam

43) Mala Masti

44) Mala Sale, Netkani

45) Mala Sanyasi

46) Mang, Matang, Minimadig, Dhankhni Mang, Mang Mahashi, Madari, Garudi, Radhe Mang

47) Mang Garodi, Mang Garudi

48) Manne

49) Mashti

50) Meghval, Menghvar

51) Mitha Ayyalvar

52) Mukri

53) Nadia, Hadi

54) Pasi

55) Sansi

56) Shenva, Chenva, Sedma, Ravat

57) Sindhollu, Chindollu

58) Tirgar, Tirbanda

59) Turi

Scheduled Tribes

1) Andh
2) Baiga
3) Barda
4) Bavacha, Bamcha
5) Bhaina

6) Bharia Bhumia, Bhuinhar Bhumia, Pando

7) Bhattra

8) Bhil, Bhil Garasia, Dholi Bhil, Dungri Bhil, Dungri Garasia, Mewasi Bhil, Rawal Bhil, Tadvi Bhil, Bhagalia, Bhilala, Pawra, Vasava, Vasave

9) Bhunjia

10) Binjhwar

11) Birhul, Birhor

12) Dhanka, Tadvi, Tetaria, Valvi

13) Dhanwar

14) Dhodia

15) Dubla, Talavia, Halpati

16) Gamit, Gamta, Gavit, Mavchi, Padvi

17) Gond, Rajgond, Arakh, Arrakh, Agaria, Asur, Badi Maria, Bada Maria, Bhatola, Bhimma, Bhuta, Koilabhuta, Koilabhuti, Bhar, Bisonhorn Maria, Chota Maria, Dandami Maria, Dhuru, Dhurwa, Dhoba, Dhulia, Dorla, Gaiki, Gatta, Gatti, Gaita, Gond Gowari, Hill Maria, Kandra, Kalanga, Khatola, Koitar, Koya, Khirwar, Khirwara, Kucha Maria, Kuchaki Maria, Madia, Maria, Mana, Mannewar, Moghya, Mogia, Monghya, Mudia, Muria, Nagarchi, Naikpod, Nagwanshi, Ojha, Raj, Sonjhari Jhareka, Thatia, Thotya, Wade Maria, Vade Maria

18) Halba, Halbi

19) Kamar

20) Kathodi, Katkari, Dhor Kathodi, Dhor Kathkari, Son Kathodi, Son Katkari

21) Kawar, Kanwar, Kaur, Cherwa, Rathia, Tanwar, Chattri

22) Khairwar

23) Kharia

24) Kokna, Kokni, Kukna

25) Kol

26) Kolam, Mannervarlu

27) Koli Dhor, Tokre Koli, Kolcha, Kolgha

28) Koli Mahadev, Dongar Koli

29) Koli Malhar

30) Kondh, Khond, Kandh

31) Korku, Bopchi, Mouasi, Nihal, Nahul, Bondhi, Bondeya

32) Koya, Bhine Koya, Rajkoya

33) Nagesia, Nagasia

34) Naikda, Nayaka, Cholivala Nayaka, Kapadia Nayaka, Mota Nayaka, Nana Nayaka

35) Oraon, Dhangad

36) Pardhan, Pathari, Saroti

37) Pardhi, Advichincher, Phans Pardhi, Phanse Pardhi, Langoli Pardhi, Bahelia, Bahellia, Chita Pardhi, Shikari, Takankar, Takia

38) Parja

39) Patelia

40) Pomla

41) Rathawa

42) Sawar, Sawara

43) Thakur, Thakar, Ka Thakur, Ka Thakar, Ma Thakur, Ma Thakar

44) Varli

45) Vitolia, Kotwalia, Barodia

---

[a] The entry is to be read as "in Akola, Amravati, Bhandara, Gondiya, Buldana, Nagpur, Wardha and Yavatmal Districts and Chandrapur District, other than Rajura Tahsil".

Language and Mother tongue

As per the census concept, each language is a group of mother tongues. The census questionnaire collects information on the mother tongue of each person. Mother tongue is the language spoken in childhood by the person's mother to the person. If the mother died in infancy, the language mainly spoken in the person's home in childhood will be the mother tongue. In the case of infants and deaf mutes, the language usually spoken by the mother is considered as mother tongue. It is not necessary that the language spoken as mother tongue should have a script. The mother tongues returned by the respondents in census are classified and grouped under appropriate languages according to their linguistic characteristics.

Literate

A person age 7 years and above who can both read and write with understanding in any language is taken as literate. A person who can only read but cannot write is not literate. It is not necessary that to be considered as literate, a person should have received any formal education or passed any minimum educational standard. Literacy could also have been achieved through adult literacy classes or through any non-formal educational system. People who are blind and can read in Braille are treated as literates.

Literacy rate

Literacy rate of the population is defined as the percentage of literates in the age group seven years and above. For different age groups the percentage of literates in that age group gives the literacy rate.

Educational level

The highest level of education a person has completed.

Work

Work is defined as participation in any economically productive activity with or without compensation, wages or profit. Such participation may be physical and/or mental in nature. Work involves not only actual work but also includes effective supervision and direction of work. It even includes part time help or unpaid work on farm, family enterprise or in any other economic activity. All persons engaged in 'work' as defined above are workers. The main point to note is that the activity should be economically productive. Reference period for determining a person as worker and non-worker is one year preceding the date of enumeration.

Main worker

A person who has worked for major part of the reference period (i.e. six months or more during the last one year preceding the date of enumeration) in any economically productive activity is termed as 'Main worker'.

Marginal worker

A person who worked for less than six months of the reference period (i.e. in the last one year preceding the date of enumeration) in any economic activity is termed as 'Marginal worker'.

Non worker

A person who has not worked at all in any economically productive activity during the reference period (i.e. last one year preceding the date of enumeration) is termed as 'Non worker'.

Cultivator

For purposes of the Census a person is classified as cultivator if he or she is engaged in cultivation on land owned or from government or from private persons or institutions for payment in money, kind or share. Cultivation also includes effective supervision or direction in cultivation. Cultivation involves ploughing, sowing, harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, etc., and other crops such as sugarcane, tobacco, ground-nuts, tapioca, etc., and pulses, raw jute and kindred fibre crop, cotton, cinchona and other medicinal plants, fruit growing, vegetable growing or keeping orchards or groves, etc. Cultivation does not include the plantation crops like tea, coffee, rubber, coconut and betel-nuts (areca). The worker engaged in plantation crops are recorded under "Other Workers".

Agricultural labourer

A person who works on another person's land for wages in cash or kind or share is regarded as an agricultural labourer. She/he has no risk in the cultivation, but merely works on another person's land for wages. An agricultural labourer has no right of lease or contract on land on which she/he works.

Household industry worker

Household industry is defined as an industry conducted by one or more members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The larger proportion of workers in household industry should consist of members of the household. The industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factories Act and should be engaged in manufacturing, processing, servicing and repairs of goods. The activity relate to production, processing, servicing, repairing or making and selling of goods.

It does not include professions such as a pleader, Doctor, Musician, Dancer, Waterman, Astrologer, Dhobi, Barber, etc. or merely trade or business, even if such professions, trade or services are run at home by members of the household.

Other worker

A person who has been engaged in some economic activity during the last year of reference period but not as a cultivator or agricultural labourer or worker in Household Industry. The type of workers that come under this category include all government servants, municipal employees, teachers, factory workers, plantation workers, those engaged in trade, commerce, business, transport, banking, mining, construction, political or social work, priests, entertainment artists, etc. In fact, all

those workers other than cultivators or agricultural labourers or household industry workers are 'Other Workers'.

Work participation rate

Percentage of workers (main + marginal) to total population.

Population density

Population density is the number of persons inhabited per square kilometre of the area.

Age

Age is measured in terms of the completed number of years.

Sex -ratio

Number of females per 1000 males in a population.

Non-Census Concepts

Civic status of urban units

Civic Status of a town/city is determined on the basis of Civic Administrative authority of the town e.g., Municipal Corporation/Corporation, Municipal Committee / Municipal council, Municipality etc.

Size class of UA / town

Size-class of UA/Town is based on the population size of the UA/City/Town UAs/Towns with 1,00,000 and above population are classified as Class I UAs. / towns. Towns with, 50,000 to 99,999 population are classified as Class II towns, 20,000 to 49,999 population are Class III towns, population with 10,000-19,999 are Class IV towns, population with 5,000 and 9,999 are Class V towns and towns with less than 5,000 population are Class VI towns.

Slum area

The Slum Areas (Improvement and Clearance) Act, 1956 which was enacted by the Central Govt. defined slums as (a) Areas where buildings are in any respect unfit for human habitation; or (b) are by reasons of dilapidation, overcrowding, fault arrangement and design of such buildings, narrowness or faulty arrangement of streets, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

Mega city

The concept of 'Mega city' is a recent phenomenon in the Urban Sociology and is defined in term of metropolitan city in the form of large size, problem of management of civic amenities and capacity to absorb the relatively high growth of population. Indian Census in 1991 treated the population size of 5 million and above as the cut-off point to identify a place as the mega city. Whereas, for the purpose of inclusion in Centrally Sponsored Scheme for Infrastructure Development in Mega cities the Ministry of Urban Affairs and employment, Department of Urban Development adopted the criteria of 4 million and above population as per 1991 Census for Mega Cities. In 2001 Census, cities with 10 million and above population have been treated as Mega cities and the same criteria of population have been adopted in 2011 census.

Concepts used in VD and TD of DCHB

1. Educational Amenities : The type of different educational facilities available in the village is given in numbers. Both government and private educational facilities/institutions are considered for this purpose. If there are composites school like middle school with Primary classes or Secondary schools with Middle classes, these are included in the number of Primary and Middle school respectively. For example, if in a village, there are two Primary schools and one Middle school with Primary classes, the number of Primary schools in the village is given as three and that of Middles schools as one even though there may be only three educational institutions. Similarly, this applies so also in case of Secondary Schools. For better understandings, the distinctiveness of different types of schools is depicted hereunder.

1.1. Pre-primary (PP) : Now-a-days, the children are sent to schools at a very early stage. Lot of Pre-primary schools, private schools in particular have come up in villages and towns. These may or may not be recognised by the competent authorities. Even many Secondary schools have classes starting from Pre-primary level. Pre-primary classes include Nursery, K.G., Pre-basic, Play school etc.

1.2. Primary School (P) : Schools providing education from standard I and upward up to and inclusive of Standard IV are classified as Primary schools.

1.3. Middle School (M) : Schools providing education from standard V and upward up to and inclusive of standard VII are classified as Middle schools. A school with class I to VII is treated as two units, i.e. one Primary school and one Middle school.

1.4. Secondary School (S) : Schools providing education from standard VIII and upward up to and inclusive of Standard X are classified as Secondary schools. A composite school with I to X standard is treated as three separate units and counted separately under the categories of Primary school, Middle school and Secondary school.

1.5. Senior Secondary School (SS) : Schools and colleges that provide education for standard XI and XII and first and second year of the Pre-University Course fall under this category. There are Senior secondary schools with standard I and upward to standard XII.

1.6. Degree college

(i) Arts/Science/Commerce : These are all educational institutions that provide post- PUC level education leading to University degree/diploma in any subject or combination of subjects and also post-graduate levels of educations. The college offering courses in Arts, Science or Commerce either separately or in combination are covered under this category.

(ii) Engineering College (E) : It is a graduate/post-graduate degree college providing Bachelor of Engineering (BE) or Bachelor of Technology (B.Tech.) or post-graduate engineering degrees like M.Tech.

(iii) Medical Colleges : These are graduate/post graduate degree colleges providing MBBS or equivalent degree in alternative medicine like Ayurveda, Unani, Homeopathy etc. or post-graduate medical degrees like M.D. or equivalent in the above branches of medicine.

1.7. Management College/Institute (MI) : It offers courses like Diploma in Management, Post-Graduate Diploma in Management Masters of Business Administration (MBA) and specializations in different disciplines of Management like Marketing, Human Resources Development (HRD) etc.

1.8. Polytechnic (Pt) : An Institution providing certificate/diploma (not equivalent to degree) in any technical subject like engineering, vocational courses like embroidery, fashion designing etc. It may be both Government and Private.

1.9. Vocational School/ITI : It is a Vocational training institute imparting trainings in specific fields acquiring necessary skill, which will make the trainees employable or create them opportunities of self-employment. Training offered by Industrial Training Institute (ITI) fall under this category.

1.10. Non-formal Education/Training Centre (NFTC) : Non-vocational education centres, established by the Central and State Governments provide educational facilities to the interested persons irrespective of educational qualification and age. These education Centres are opened to all.

1.11. Special School for Disabled : There are Government and Government recognised institutions/organisations engaged for providing education to different groups of disabled persons.

2. Medical Facilities

2.1. Hospital-Allopathic and Hospital-Alternative medicine : A hospital is an Institution, were sick or injured are given medical or surgical care. Bed strength differs from hospital to hospital ranging from 31-500 depending upon whether these are Sub-District, sub-divisional or District hospitals. If there are hospitals providing facilities under different systems of medicine such as, Allopathy, Ayurveda, Unani and Homeopathy etc., these details are given separately.

(a) Allopathy : The system of medical practice, which treats disease by the use of remedies which produce effects different from those produced by the disease under treatment.

(b) Ayurveda : Ayurveda means "Science of Life". The philosophy of Ayurveda is based on the theory of Pancha Mahabhootas (Five elements) of which all the objects and living bodies are composed of. The combination of these five elements is represented in the form of Tridosha: Vat, Pitta and Cough. These 'Tridoshas' are physiological entities of living beings. Ayurveda developed in eight distinct specialities i.e., Internal Medicines, Paediatrics, Psychiatry, Eye and ENT, Surgery, Toxicology, Geriatrics and Science of Virility. Two types of treatments, Preventive and Curative are given in Ayurveda.

(c) Unani : Treatment of Unani consists of three components, viz., preventive, promotive and curative. Unani system of medicine has been found to be efficacious in conditions like Rheumatic Arthritis. Jaundice, Filarisis, Eczema, Sinusitis, Bronchial Asthma. For the prevention of the disease and promotion of health, the Unani system emphasizes six essentials: pure air, food and water, physical movement and rest, psychic movements and rest, sleep and wakefulness and retention of useful materials and evacuation of waste materials from the body.

(d) Homeopathy : Treatment in Homeopathy, which is holistic in nature, focuses on an individual's response to a specific environment, Homeopathic medicines are prepared mainly from natural substances such as plant products, minerals and animals sources. Homeopathic medicines do not have any toxic, poisonous or side effects. Homeopathic treatment is economical as well and has a very broad public acceptance.

2.2. Community Health Centre (CHC): Community Health Centres are designed to provide referral health care for cases from PHC and those in need of specialist health care approaching the CHC directly. 4 PHCs are included under each CHC thus catering approximately 80,000 populations in tribal/hilly areas and 1, 20,000 populations for plain areas. CHC is a 30 – bedded hospital providing specialist care in Medicine, Obstetrics and Gynaecology, Surgery and Paediatrics.

2.3. Primary Health Centre (PHC): A Primary Health Centre is the first contact point between a village community and the Government medical officer. A PHC covers a population of 20,000 in hilly, tribal or difficult areas and 30,000 populations in plain areas with 4-6 indoor-observation beds. It acts as a referral unit for 6 sub-centres. It has a medical officer and para medical staff.

2.4. Primary Health Sub-centres (PHS) : A Primary Health Sub-centres is the first contact point between the primary health care system and the community. As per the population norms, one PHS is established for every 5,000 population in plain areas and 3,000 population in hilly/tribal/desert areas. Each PHS has a sanctioned strength of one male and one female health worker.

2.5. Maternity and Child Welfare Centre (MCW): It provides pre-natal and post-natal services for both mother and child. The services include regular check-up of pregnant women, giving folic tablets, counselling, delivery, immunization of children with check-up etc.

2.6. TB Clinic (TBC) : The diagnosis and treatment of TB are functions of the general health services and hence it is a part and parcel of Primary Health Care. Specialized units such as the District Tuberculosis Centre (DTC) act a referral centres. TB clinics are established by the Government of India under the National Tuberculosis Control Programme and implemented through a network of DTC. The DTC is the nodal point for TB control activities in the District and it also functions as a specialized referral centre. The functions of Sub-District level Tuberculosis Unit (TU) are implementation, monitoring and supervision of TB control activities in its designated geographical areas.

2.7. Health Centre : Clinic where medicine and medical supplies are dispensed. It has no in-patient facility. A clinic (or an outpatient clinic) is a small private of public health facility that is devoted to the care of outpatients, often in a community, in contrast to larger hospitals, which also treat inpatients.

2.8.Dispensary : Place where patients are treated and medicines provided but with no in-patient facility, immunizations, MCH Services and sometimes pathological tests are carried out here. It may be of allopathic or any alternative medicine.

2.9. Veterinary Hospital : Mostly run by the State Government or local body for treatment and preventive measures against diseases of domestic animal like cows, buffaloes etc. in rural areas.

2.10. Mobile Health Clinic : These are Mobile Vans well equipped with a range of health services to villages located far away from the CHCs, PHCs or any public health sources. The vans visit villages on designated day to deliver the health care services. The services generally offered are OPD, Anti-natal, Post-natal, B.P. examination, X-ray, ECG, immunization and First aid etc.

2.11. Family Welfare Centre : Check-up and counselling is provided to the pregnant and the married women regarding small family norm and devices for having a small family. Temporary and permanent contraceptive devices are provided here.

2.12. Nursing Home : A Nursing Home is a long term care facility licensed by the State that offers 24 hours room and board and health care services including basic and skilled nursing care, rehabilitation and full range of other therapies, treatments and programs to old and sick people. The difference between a hospital and a nursing home is that a nursing home gives importance to convalescence from a disease while a hospital gives medical treatment for the disease.

2.13. Medicine Shop : A shop with sales drugs and medicines of any system of medicine viz., allopathic, homeopathic, ayurvedic or Unani medicines is considered as a medicine shop. Sometimes some shops and pan shops also keep ordinary medicines like Crocin, Burnol etc. These shops are not taken as medicine shop.

3. Drinking Water : The following are the main source of drinking water facility (ies) available in the village.

3.1. Tap Water-treated : This source of drinking water refers to a source of drinking water which is provided to the villages through pipes within their premises or to the villages through common taps (Public taps/community water points) by the Government departments, local bodies, Panchayats, public or private estate agencies etc. after treatment. Such a source is treated as 'Tap water from treated source'.

3.2. **Tap Water-un-treated** : If the villages are drawing drinking water through pipes either directly from a well or bore well or after pumping the well or tube well water or the water is supplied through pipes to the households of the village or through public taps without treatment. Such a source is treated as 'Tap water from untreated source'.

3.3. Covered Well (CW) : A well that is (1) covered on sides from run-off water (i.e., excess water from rain, snow melt or other sources flows over the land) through a wall lining or casting that is raised above ground level on a platform that diverts spilled water away from the well and (2) covered so that bird droppings and animal cannot fall down the hole. It is considered as covered well.

3.4. Un-covered Well (UW) : A well which is (1) un-covered on sides from run-off water, (2) Un-covered bird droppings and animals or (3) both.

3.5. Hand pump (HP) : Hand pump means where ground water is taken out manually by operating a hand pump.

3.6. Tube Well/Borehole (TW) : Tube well denotes the ground water source from where ground water is taken out through electrical or diesel pump. Spring, River/Canal, Tank/Pond/Lake are self-explanatory.

4. Community Toilet Complex : Community toilet may be constructed and maintained by Gram Panchayats or Private NGOs like Sulabh Shauchalaya or likes.

5. Rural Sanitary Mart or Sanitary Hardware Outlet (RSM) : It is an outlet dealing with the materials hardware and designs required for the construction of not only sanitary latrines but other sanitary facilities such as compost pit, washing platform and other sanitation and hygienic accessories required for individuals, households and the environment in the rural areas.

6. Community bio-gas or recycle of waste for productive use : Many of the solid wastes having economic values but put for disposal can be recycled for reused e.g., food, cow dung, leaves, vegetables, paper, wood, plastics, old cloth etc. However some of the wastes are not recyclable. These are carbon paper, thermocol etc. When recyclable solid waste is subjected to decomposition, bio gas could be produced under favourable conditions. These systems of recycling may be there at the village level organized by Gram Panchayats with technical support from Governments or Non-Governments organisation.

7. Communication and Transport facilities :

7.1. Post Office (PO) : Self-explanatory.

7.2. Sub-Post Office (SPO) : Sub-Post office includes Extra Departmental Post Offices and those providing Franchise postal services and also part time services in lieu of some honararium. The limited postal services include sell of stamps, receipts of letters and money order and also distribution of letters.

7.3. Post & Telegram Office (PTO) : Telegraph office is setup by the Government to enable people to send or receive telegrams. If the phonograms facility is available (though the Telegraph office may not be equipped with Morse Code Transmitter), the village is considered to be having telegraph facility.

7.4. Telephones (landlines) : If the village is having the Public Call Office (PCO) either run by the Post Office or by the individuals or by a private shop, then the village is considered to be having telephone facility.

7.5. Public Call Office (PCO)/Mobile PCO : Self-explanatory.

7.6. Mobile Phone Coverage : Mobile phones are now very common particularly in Urban areas. Some villages by virtue of being in close proximity to the urban areas also enjoy the benefits of the mobile phone services. Even if a few villagers avail the services of mobile phones, then the village is considered to be having access to mobile phone.

7.7. Internet Cafes/Common Service Centres (CSC) : If the village is having the facility of cyber cafes or shops own by private individuals providing the facility of surfing of the internet, then the village is considered to be having access to internet/cyber cafe facility. Government of India formulated the scheme of CSC with the vision of providing all Government services in an integrated manner at the door steps of the citizen at an affordable cost even in the remotest corners of the country through a combination of it based as well as non –IT based services.

7.8. National Highway (NH) : These are main highways running through the length and breadth of the country. Each NH is numbered like NH-1, NH2 for easy identification.

7.9. State Highway (SH) : These are roads of a State linking District headquarters and important cities within a State and connecting them with NHs or Highways of the neighbouring States.

7.10. Major District Road (MDR) : These are important roads within a District, serving areas of production and markets and connecting these with each other or with the main highways.

7.11. Other District Road (ODR) : These are roads serving rural areas of production and providing them with outlet to market centres, taluka headquarters, block development headquarters or other main roads.

7.12. Village Road : The approach to village refers to the State of road etc., leading to the village. This is to see whether the village is approachable both in fair and foul weather and whether it is in accessible only for some time in the year.

7.13. Black-Topped (Pucca) Road (BTR) : A road provided with a bituminous surfacing.

7.14. Gravel (Kuchha) Road (GR) : A road constructed using well compacted crushed rock or gravel material (Coarse sand, small stones), which is fairly resilient and does not become slippery when wet.

7.15. Water Bound Macadam (WBM) : These is the road layer made of crushed or broken mixer of sand and rock fragments mechanically inter locked by rolling and void field with screening and binding material with the assistance of water.

7.16. Foot Path (FP) : A trodden path for the use by pedestrians and in some cases bicycles. The foot paths are not suitable for vehicular traffic accept bicycles in some cases. Most of the interior/forest villages are connected by foot path.

8. Bank and Credit Societies: Banking facility means a place where a person can operate a bank account.

8.1. Commercial Bank (CB) : These may be banks wholly owned by the Government of India or by Indian or foreign companies.

8.2. Co-operative Banks (Co-op. B) : A Co-operative bank is a financial entity which belongs to its members, who are at the same time the owners and the customers of their banks. Co-operative banks

are often created by persons belonging to the some local or professional community or sharing a common interest. These banks are registered under the Co-operative Societies Act. The Co-operative banks are regulated by RBI and are covered by the Banking Regulations Act, 1949.

8.3. Agricultural Credit Society (ACS) : Measure objectives of the ACS are to supply agricultural credit to meet the requirements of funds for agricultural productions, the distribution of essential consumer commodities, the provision of storage and marketing facilities and for light agricultural implements and machinery.

8.4. Non-Agricultural Credit Society (NCS) : These society include consumer co-operative societies and also credit co-operative societies of certain categories of persons like teachers, health workers etc.

9. Miscellaneous Facilities :

9.1. Self-help Group (SHG) : Self-help Groups are groups of between 10-25 women created by either NGO's or under the SGSY (Swarnajayanti Gram Swarozgar Yojana) for the purposes of meeting local credit needs. They are sometimes called Mahila Mandals in villages.

9.2. Public Distribution System (PDS) shop : The shop through which some essential commodities are sold by the Government at subsidised rate. They may also be known as Ration Shops and Control Shops.

9.3. Mandis/Regular Market : These are those clusters or shops with or without fixed premises which are open on at least six days a week and opens at least from morning hours to dusk.

9.4. Weekly Haat : These are those clusters of shops with or without fixed premises which are open once in a week.

9.5. Agricultural Marketing Societies : It is a common platform to analyse the issues among all the individuals and institutions in the fields of agricultural marketing.

9.6. Nutrition Centre : Integrated Child Development Services (ICDS) : The Intergrated Child Development Services (ICDS) Scheme set up by the Government of India with the objective of providing following package of services to the children under 6 years and pregnant and lactating mothers in villages such as; Immunization, Health Check-up, Referral Services, Pre-school Non-formal Education and Nutrition & Health Education.

9.7. Anganwadi Centre : Each centre under the ICDS scheme is run by an Anganwadi Worker. One Anganwadi worker is appointed for specified population of the village. They are basically local women. They are assisted by Anganwadi helper. They provide pre-school non-formal education at the Centre and provide food to the children.

9.8. Accredited Social Health Activist (ASHA) : ASHA is a health activist in the community who will created awareness on health and its social determinants and mobilize the community towards local health planning and increased utilization and accountability of the existing health services. She would be a promoter of good health practices. She will also provide a minimum package of curative care as appropriate and feasible for that level and make timely referrals. She will act as a motivator of different types of health related activities. Unlike ANM, she will not be involved in any clinical activities like immunization.

9.9. Sports Club/Recreation Centre: Indoor and out-door games are arranged by the Club and activities like wrestling, Judo Karate etc., are also done here.

9.10. Cinemas/Video Hall (CV) : If regular cinema houses licensed by Government are available, then the town/village is considered to be having the facility of Cinema Hall. Video hall owners screen films in their own or hired premises.

9.11. Public Library : Books are kept there which can be accessed by the public on loan basis. These may be sponsored by Government or Local Body or Panchayat or any influential person. Free service or nominal charges are made for using the facility.

9.12. Public Reading Room : Here the public may read newspapers and magazines. These may be sponsored by Government or Local Body or Panchayat or any influential person.

9.13. Newspaper Supply : The availability of the Newspaper(s), both in English or vernacular, in the village is considered to having the said facility.

10. Availability of Electricity/Power : If power is actually available, whatever may be the form of its use, it is indicated affirmative. If the village is having electricity for domestic purposes and the residents are using the same for domestic use, then it is considered that domestic power supply is available. If the electricity authority has not given domestic supply to the households on their request and people are using unauthorized electricity either by stealthily or misuse the supply meant for agricultural or industrial purposes, then it is not considered as availability of electricity for domestic purposes. However, if the village goes out of power due to temporary technical problems such as, transformer failures, theft of electrical equipment's etc. it is considered that electricity is available. Supply of electricity is considered available even when there is a temporary ban on new domestic connection. Connections to residential houses, bungalows, clubs, hostels and hospitals run on non-commercial basis, Charitable, educational and religious institutions are included in the domestic category.

10.1. Power Supply for Domestic Use : This category includes electricity use only for domestic consumptions.

10.2. Power Supply for Agricultural Use : This Category includes all electricity connections given to the farmers for conducting various agricultural activities including irrigation.

10.3. Power Supply for Commercial Use : This Category includes electricity connections given for workshop, industries etc. or for any commercial purposes.

10.4. Power Supply for All Uses : This Category includes electricity connection is available for domestic use, agricultural use and for any commercial purposes.

11. Land Use Pattern : The land use area of the villages is given in hectares. The land use pattern in the Village Directory conform to the pattern of classification of land use as recommended by the Ministry of Agriculture, Government of India. The Ministry has recommended the maintenance of records of land use pattern under the nine categories as indicated in the Village Directory.

12. System of Drainage : Generally by drainage system, we mean the network of main and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial estates are call separate sewers; those that carry storm water from roofs, streets and other surface are known as storm water drains, While those carrying both sewage and storm water are called combined sewers. However, in towns which are not provided with such underground sewerage system, it is mentioned whether it has open drainage system. There may be possibility of the town having both close as well as open drainage systems.

13. Types of Latrines : The data of various types of latrines both public and private together are collected. The three types of latrines considered here are, Pit System, Flush/Pour Flush Latrine and Service Latrine.

(i) Pit System : The latrines are attached to the pit i.e. dug into the ground for the reception of night soil and these are reckoned as pit latrine.

(ii) Flush/Pour Flush : A flush latrine uses a cistern or holding tank for flushing water and has a water seal, which is a U-shaped pipe, below the seat or squatting pan that prevents the passage of flies and odours. A pour flush latrine uses a water seal, but unlike a flush latrine, a pour flush uses water poured by hand for flushing (no cistern is used).

(iii) Service: Type of latrine from where night soil is removed manually by the scavengers. All other types of latrine are covered under "Other" category.

14. Protected Water Supply-Source and Capacity of Storage System: There are various sources of water supply and its storage system in the town.

14.1. Service Reservoir: A service reservoir is a water storage container that holds clean water after it has been treated in a water plant and before it is piped to the end users. These containers are covered and are designed to keep the water safe from contamination. Their main purpose is to provide a buffer with the water supply system so that the water supplies can be maintained across periods of varying demand.

14.2. River Infiltration Gallery : Infiltration galleries are capable of supplying large quantities of water and are used were wells are unable to supply water needs i.e. where are impermeable rock barrier affects well efficiency or where surface water surfaces are too shallow for intake screens. Infiltration galleries one or more horizontal screen placed adjacent to (on-shore) or directly underneath (bed-mounted), a surface water source.

14.3. Bore Well Pumping System: A bore well is a well of 6'' to 12'' in diameter drilled into the earth for retrieving water. The depth of bore well can vary from 50 feet to 3000 feet. Water is pumped out to surface through electricity/generator.

14.4. Pressure Tank: Tank that is used to ensure consistent water pressure and for storage of water. Usually located in basement of house but sometimes (in older settings) located in well pit.

15. Road lighting (Points): Road lighting means the number of street lights that are maintained in the town.

16. Home Orphanage : Orphanage is the name of describe a residential institutions devoted to the care of orphans – Children whose parents are deceased or otherwise unable to care for them. Parents and sometimes grandparents are legally responsible for supporting children, but in the absence of these or other relatives willing to care for the children, they become a ward of the state and orphanages are a way of providing for their care and housing.

17. Working Women's Hostel : These may be recognised or non-recognised by any public authority. The data of number of working women's hostel available in the town are collected with number of seats.

18. Old Age Home : There are two types of old age homes in India. One is the "Free" type which cares for the destitute old people who have no one else to care for them. They are given shelters, food, clothing and medical care. The second type is the "Paid" home were care is provided for a fee. Nowadays, such "Retirement" homes have become very popular in India and they are well work considering.

19. Stadium : A stadium is a place or venue for (mostly) outdoor sports, concerts or other events, consisting of a field or stage partly or completely surrounded by a structure designed to allow spectators to stand or seat and view the event.

20. Auditorium/Community Hall : These are the places where meetings, social function etc. are organised.

2011 Census Findings

Brief Note on Census

Census taking is a massive operation carried out in a short span of time with the active participation of a veritable army of enumerators. The reference moment for the Census 2011 was the 00.00 hrs, of 1st March 2011. The census provides a snapshot of the population of the country as on 1st March 2011. Actual enumeration was spread over a period of 20 days from 9th February 2011 to 28th February 2011, followed by a revisional round up to 5th March 2011 for updating of the population figures with reference to 00.00 hours of 1st March, 2011. A household schedule having 29 questions for information on every individual in the household was used in 2011 Census. These questions are mainly self-explanatory and answers are recorded in text or in codes depending on the type of information collected. Question No. 1 to 14 are related to general and socio-cultural characteristics of an individual. Question 15 to 22 are about economic activity of the person whereas Question 23 to 26 are about migration. Some information related to fertility is collected from women through Question no. 27 to 29.

As a prelude to the actual Census, the urban and rural areas were identified and listed out in respect of each administrative unit. The Directorate of Census Operations has prepared the list of urban area (which is generally referred to as town list) and simultaneously a list of villages. These lists in fact form the basic frame for the organization of the Census Operations. Thereafter, geographical area that could be covered conveniently carved out to constitute the enumerator's block.

The next major step was the house listing operation that was carried in the State during May-June 2010. Thereafter, in order to adhere to the prescribed workload norms, the actual Census enumeration blocks were formed on the basis of the layout sketches and the notional maps prepared was also utilised to collect wealth of information on items such as predominant construction material used for houses, amenities available to the Census households, number of living rooms etc. Information regarding Computer/Laptop, Mobile phone etc., was asked first time in this Census. From this information we can have an idea of standard of living of the people in the country.

In Maharashtra, Tahsil and the C.D.Block are co-terminus and therefore the data shown in tables on C.D.Blocks and the rural areas shown in the tables on Tahsils are same. And also, Sub-District in Maharashtra is known as Tahsil.

Distribution of Population in Rural-Urban Areas

According to Census 2011, the District Nagpur has total population of 46,53,570 comprising of 23,84,975 males and 22,68,595 females. The population of the District in Census 2011 is 14.4 percent higher than the District population of 40,67,637 in 2001 Census. An examination of rural-urban distribution of population reveals that 14,74,811 persons constituting 31.69 percent of total population is concentrated in rural areas while 31,78,759 persons constituting 68.31 percent of total population are living in urban areas of the District. In terms of percentage, the population residing in rural areas has decreased from 35.74 percent in 2001 to 31.7 percent in Census 2011, while in urban areas it has increased from 64.26 percent in 2001 to 68.3 percent in census 2011.

Size class and Status of Towns:

As presented in Statement I of Town Directory, Towns are classified into six specific population size-classes according to the population recorded in decadal Censuses. The objective of such classification is to make a comprehensive analysis of various demographic parameters at lower constituent units of urban areas.

Nagpur District has 41 towns. Among these towns Nagpur is class I, Umred, Wadi and Kamptee are class II towns. Among the 41 towns, Nagpur city has Municipal Corporation, Kamptee has Cantonment Board, Mohpa, Mowad, Khapa, Kalameshwar, Narkhed, Ramtek, Savner, Katol, Umred and Kamptee have Municipal Councils and the remaining 29 towns are Census Towns.

Population Growth: Nagpur District recorded 46,53,570 persons in which 23,84,975 are males and 22,68,595 are females. Nagpur District added 5,85,933 persons during the past decade with a growth rate of 14.4 percent.

Density: The District shows a density of population of 470 per km^2, whereas it is 157 for rural and 6582 for urban.

Sex Ratio: The sex ratio of the District is 951 which is 945 for rural and 954 for urban. Within the District, in rural areas the sex ratio is highest in Bhiwapur Tahsil (989) and lowest in Hingna Tahsil (909), while in urban areas it is highest in Ramtek Tahsil (981) and lowest in Hingna Tahsil (856).

Work Participation Rate: Percentage of workers (Main + Marginal) to total population is called as work participation rate. Census 2011 recorded 35.56 percent of District population as main workers, 4.59 percent as marginal workers and the remaining 59.85 percent as non-workers. In rural areas 42.88 percent are main workers, 7.84 percent are marginal workers and the remaining 49.28 percent are non-workers. Among the main workers, male participation rate is 53.40 percent while that of females is 31.73 percent. In urban areas, 32.17 percent are as main workers, 3.09 percent are as marginal workers and the remaining 64.75 percent are as non-workers.

Literacy: The literacy rate of the District is 88.39 percent while it is 81.92 percent for rural and 91.37 percent for urban. Sex-wise, it 92.09 for males and 84.51 for females which makes a male-female gap of 7.58 points in literacy rate at District level

Religion: The collection of data on religion has been a part of Census since 1872. In the Pre-Independence Census reports, the data on religion was being presented for nine major religions namely Hindu, Muslim, Tribals, Christian, Sikh, Jain, Buddhist, Parsi, Jew and Others. However, since the Census 1951, the data on religion has been presented for six major religions namely Hindu, Muslim, Christian, Sikh, Jain and Buddhist. Besides, all the other minor religions have been classified under the category of 'Others'.

The data on religion was collected in Census, 2011 through question No. 7 of Household Schedule where names and codes of six main religions were shown to facilitate the Enumerator to record the code of the religion reported by an individual. In the case of other religions space was provided to record the actual name. In case where an individual did not specify any Religion, those were recorded as "Religion Not Stated".

As per 2011 Census, 75 percent of the District population are Hindus and Buddhists constitute about 14.4 percent. Remaining population consists of Muslims (8.4 percent), Christian (0.7 percent), Jains (0.5 percent) and Sikhs (0.4 percent).

Availability of University education in the District: There is a University viz., Rashtrasant Tukdoji Maharaj Nagpur University which has campus at Nagpur.

Mother Tongue:

Mother tongue is the language spoken in childhood by the person's mother to the person. As per 2001 Census, Marathi is the main language of the District and is the mother tongue of 70.1 per cent of the District population. In rural areas Marathi speakers account for 84.0 per cent whereas in urban areas 62.4 per cent. Hindi is the second largest language spoken in the District. It accounts for 15.8 per cent of the total population. The proportion of Hindi speakers is higher in urban areas (20.3 per cent) than the rural areas (7.9 per cent). The third largest language spoken in the District is Urdu, its percentage to the total population is 4.3 and mainly spoken in urban areas by 6.6 per cent of the population, whereas it is 0.3 per cent in rural areas.

The speakers of the other languages in small number are mainly concentrated in urban areas and their proportion in rural areas is very less (except Gondi).

It is found that during the last decade proportion of Marathi speaking persons has decreased from 73.1 per cent to 70.1 per cent while Hindi speakers proportion has increased from 14.0 per cent to 15.8 per cent.

Scheduled Castes and Scheduled Tribes:

In 2011 Census, the District recorded 8,67,713 (18.65 percent) Scheduled Caste population and 4,37,571 (9.4 percent) Scheduled Tribe population, whereas in 2001 Census there were 6,96,461 (17.1 percent) Scheduled Caste population and 4,44,441 (10.9 percent) Scheduled Tribe population in the District.

In rural areas the District recorded 2,34,062 (15.87 percent) Scheduled Caste population and 2,00,154 (13.57 percent) Scheduled Tribe population whereas in 2001 census there were 2,41,166 (16.6 percent) Scheduled Caste population and 2,17,752 (15.0 percent) Scheduled Tribe population in the District.

Similarly in urban areas 2011 census the District recorded 6,33651 (19.93 percent) Scheduled Caste population and 2,37,417 (7.47 percent) Scheduled Tribe population whereas in 2001 census there were 4,55,295 (17.4 percent) Scheduled Caste population and 2,26,689 (8.7 percent) Scheduled Tribe population in the District.

Brief analysis of PCA data

Population growth

As per the latest Census 2011, the average growth rates for the rural and urban areas of the District are 1.4 percent and 21.6 percent respectively. In rural area, the growth rate is above the District rural average in 7 Tahsils viz., Narkhed, Katol, Ramtek, Kamptee, Nagpur (Rural), Hingna and Umred and in remaining Tahsils below the District average.

Table-1 gives the percentage decadal variation for 2001-2011 with rural-urban breakup at District and Tahsil level. The percentages of urban population to total population for 2001-2011 are also given in the Table.

Table 1: Decadal change in population of Tahsils by residence, 2001-2011

Sl. No.	Tahsil	Population						Percentage decadal variation 2001-2011			Percentage urban population	
		2001			2011							
		Total	Rural	Urban	Total	Rural	Urban	Total	Rural	Urban	2001	2011
1	2	3	4	5	6	7	8	9	10	11	12	13
1	Narkhed	144,759	114,485	30,274	147,907	118,003	29,904	2.2	3.1	-1.2	20.9	20.2

3	Kalameshwar	114,400	90,001	24,399	122,363	85,457	36,906	7.0	-5.0	51.3	21.3	30.2
4	Savner	221,918	142,537	79,381	229,450	127,436	102,014	3.4	-10.6	28.5	35.8	44.5
5	Parseoni	141,731	94,585	47,146	143,019	95,709	47,310	0.9	1.2	0.3	33.3	33.1
6	Ramtek	151,626	115,020	36,606	158,643	131,234	27,409	4.6	14.1	-25.1	24.1	17.3
7	Mauda	135,627	135,627	0	139,776	125,170	14,606	3.1	-7.7	0.0	0.0	10.4
8	Kamptee	209,003	82,906	126,097	238,870	96,091	142,779	14.3	15.9	13.2	60.3	59.8
9	Nagpur (Rural)	199,401	138,209	61,192	302,195	148,418	153,777	51.6	7.4	151.3	30.7	50.9
10	Nagpur (Urban)	2,052,066	0	2,052,066	2,405,665	0	2,405,665	17.2	0.0	17.2	100.0	100.0
11	Hingna	185,115	115,537	69,578	242,198	121,047	121,151	30.8	4.8	74.1	37.6	50.0
12	Umred	146,843	97,266	49,577	154,180	100,209	53,971	5.0	3.0	8.9	33.8	35.0
13	Kuhi	126,316	126,316	0	123,977	123,977	0	-1.9	-1.9	0.0	0.0	0.0
14	Bhiwapur	83,164	83,164	0	81,519	81,519	0	-2.0	-2.0	0.0	0.0	0.0
	Nagpur Total:	**4,067,637**	**1,453,886**	**2,613,751**	**4,653,570**	**1,474,811**	**3,178,759**	**14.4**	**1.4**	**21.6**	**64.3**	**68.3**

The percentage decadal variation during 2001-2011 is registered as 14.4 for the District as a whole with 1.4 for rural and 21.6 for urban. The growth rate of population in urban areas is more as compared to the rural areas in the District. Hence, the proportion of urban population to total population in Nagpur District has increased to 68.3 percent in Census 2011 as compared to 64.3 percent in Census 2001.

The highest percentage of decadal variation is reported in Tahsil Nagpur (Rural) (51.6) whereas the lowest percentage is reported in Bhiwapur (-2.0) Tahsil during 2001-2011. Among twelve Tahsils, Kuhi and Bhiwapur have not reported any presence of urbanization. The percentage of urban population has increased substantively in Nagpur (Rural) Tahsil from 30.7 to 50.9, in Hingna Tahsil from 37.6 to 50.0. Narkhed, Parseoni, Kamptee Tahsil have shown slightly decline in their urban populations.

Distribution of villages by population size

Table-2 shows the distribution of villages by population size in each C.D.Block of the district during 2011 Census. Sex wise population and percentage of villages for each of the identified population size classes are given for the District and Tahsils.

Table-2: Number and percentage of inhabited villages in specified population size ranges with the related population, 2011 (Rural) (Contd.)

Sr. No.	C.D. Block	Total number of inhabited villages	Total rural population			Number and percentage of villages	Population less than 200	
			Persons	Males	Females		Males	Females
1	2	3	4	5	6	7	8	9
1	0074-Narkhed	128	118,003	60,742	57,261	19 (15 %)	618	597
2	0075-Katol	163	120,541	61,853	58,688	32 (20 %)	1,514	1,377
3	0076-Kalameshwar	97	85,457	43,904	41,553	20 (21 %)	596	563
4	0077-Savner	123	127,436	65,923	61,513	21 (17 %)	642	578
5	0078-Parseoni	107	95,709	48,895	46,814	15 (14 %)	737	699
6	0079-Ramtek	145	131,234	66,801	64,433	21 (14 %)	1,238	1,055

The District rural population in Census 2011 is 14,74,811. It is spread out in 1617 inhabited villages. Out of 1617 villages, 15 percent villages (246) are having population less than 200. Major portion of the District population i.e., about 32 percent lies in villages (512) whose population size is in the range of 500-999. About 28 percent of villages (449) fall in the population size class of 200-499 and 17 percent in size class of 1000-1999, whereas 6 percent of villages are in size class of 2000-4999.

There are only 29 villages which are having population in the range of 5000-9999 and 5 villages are having population above 10,000.

Changes in status of towns in 2011

Table-3 shows new towns, denotified, declassified and wholly merged with other towns in 2011 census.

Table-3: New towns, de-notified, declassified and merged town in 2011 census

(a) New	
(i) Statutory town	Nil
(ii) Census town	
1 Bamhni, 2 Waghoda, 3 Chandkapur, 4 Mouda, 5 Koradi, 6 Bhokara, 7 Narsala, 8 Hudkeshwar bk., 9 Borkhedi, 10 Bori, 11 Waddhamana, 12 Nagalwadi, 13 Isasani, 14 Takalghat	
(b) Denotified	
(i) Statutory towns of 2001 census denotified and also did not satisfy the criteria to be treated as census towns	Nil
(ii) Statutory towns of 2001 census denotified but identified as census towns based on demographic and economic criteria	Nil
(iii) Census towns of 2001 census are notified as statutory town in 2011 census	Nil
(c) Declassified	
1 Totaladoh, 2 Mansar	
(d) Wholly merged with other town(s)	Nil

Note: Declassified means the census towns of 2001 census which failed to satisfy the demographic and economic criteria.

In 2011 Census, 14 towns viz., Bamhni, Waghoda, Chandkapur, Mouda, Koradi, Bhokara, Narsala, Hudkeshwar bk., Borkhedi, Bori, Waddhamana, Nagalwadi, Isasani and Takalghat are declared as Census Towns, which were villages in 2001 Census. Mansar and Totaladoh Census Towns of 2001 are declassified as village in 2011 Census. There are no denotified towns and no wholly merged with other towns.

Sex Ratio

In Table-4, the sex-ratio of the State and District with rural-urban break-up are given for the Census years from 1901 to 2011.

Table 4: Sex ratio of the state and district, 1901-2011

Census Year	State			District		
	Total	Rural	Urban	Total	Rural	Urban
1	2	3	4	5	6	7
1901	978	1003	862	991	1005	961
1911	966	1000	796	981	999	926
1921	950	994	776	967	997	902
1931	947	987	790	953	996	877
1941	949	989	810	955	986	910
1951	941	1000	807	956	968	942
1961	936	995	801	929	972	892
1971	930	985	820	922	949	899
1981	937	987	850	924	940	912
1991	934	972	875	922	933	915
2001	922	960	873	932	935	931
2011	929	952	903	951	945	954

Note :- Sex ratio has been defined here as the number of females per 1000 males

The State and District sex ratio recorded in 1901 Census is the highest since 1901 which were 978 and 991 respectively. The sex ratio in the District has remained higher than that of State from 1901–1951 and the trend was reversed during 1961–1991, while in 2001and 2011 it is again higher than that of the State.The State rural sex ratio (1003) and District rural sex ratio (1005) is also recorded highest in 1901 Census. The State level sex-ratio has decreased by 49 points (978 to 929) and the District level sex-ratio has also decreased by 40 points.

Table-5 indicates the sex ratio in Tahsils. At District level the sex ratio is 951 which is 945 for rural and 954 for urban.

Table-5: Sex ratio by Sub-District, 2011 (Contd.)

Sr. No.	Name of Sub-District	Sex ratio		
		Total	Rural	Urban
1	2	3	4	5
1	04023-Narkhed	946	943	961
2	04024-Katol	952	949	961

12	04034-Umred	950	942	966
13	04035-Kuhi	965	965	0
14	04036-Bhiwapur	989	989	0
	District: 505-Nagpur	**951**	**945**	**954**

The sex ratio in 6 Tahsils viz., Katol, Parseoni, Ramtek, Nagpur (Urban), Kuhi and Bhiwapur are above the District level (951) and remaining 8 Tahsils viz., Narkhed, Kalameshwar, Savner, Mauda, Kamptee, Nagpur (Rural), Hingna and Umred are below the District level. Within the District, in rural areas the sex ratio is found highest in Bhiwapur Tahsil (989) and lowest in Hingna Tahsil (909), while in urban areas the sex ratio is found highest in Ramtek Tahsil (981) and lowest in Hingna Tahsil (856).

Table-6: Sex ratio by CD Blocks, 2011

Sr. No.	Name of CD block	Sex ratio
1	2	3
1	0074-Narkhed	943
2	0075-Katol	949
3	0076-Kalameshwar	946
4	0077-Savner	933
5	0078-Parseoni	957
6	0079-Ramtek	965
7	0080-Mauda	936

9	0082-Nagpur(Rural)	937
10	0084-Hingna	909
11	0085-Umred	942
12	0086-Kuhi	965
13	0087-Bhiwapur	989
	Total	**945**

Table-6 shows the sex ratio by C.D.Blocks. Among the 13 C.D.Blocks, Bhiwapur has the highest sex ratio (989) and Hingna has the lowest sex ratio (909). Katol, Kalameshwar, Parseoni, Ramtek, Kuhi and Bhiwapur have sex ratio above the District level and remaining 7 C.D.Blocks are below the District level (945).

Table-7 explains the number of villages, their percentage share and population covered in different sex ratio range as per 2011 Census. For each sex-ratio range, the number of villages and their percentage to total number of villages and the related rural population and their percentage to total population are given.

Table-7: Sex ratio of rural population by ranges, 2011

Range of sex ratio for villages	Number of inhabited villages	Percentage of villages in each range	Population 2011	Percentage distribution of population
1	2	3	4	5
Less than 700	58	3.59	7614	0.52
700 - 749	22	1.36	7194	0.49
750 - 799	31	1.92	12243	0.83
800 - 849	82	5.07	43085	2.92
850 - 899	221	13.67	179431	12.17
900 - 949	431	26.65	501769	34.02

District: Nagpur (505)	**1617**	**100.00**	**1474811**	**100.00**

Sex ratio District (Rural):945

Majority of the villages in the District have sex-ratio in the range of 900-949. There are 431 villages with 34.02 percent rural population coming under this range. There are 406 villages which fall in the sex-ratio range of 950-999 covering 33.33 percent of the rural population of the District. In short, 837 villages forming 51.76 percent of the villages and covering 67.35 percent of rural population have sex-ratio 900-999. Moreover, there are 366 villages forming 22.64 percent of villages and covering 15.72 percent of rural population which fall in sex ratio range 1000 or above.

Town-wise sex ratio figures for urban area are presented in Table-8. In the urban areas of different towns, the sex ratio varies considerably.

Table-8: Sex ratio of towns, 2011 (Contd.)

	Sex ratio (Urban) District:		**954**

Within the District the urban sex ratio varies from 550 in Kamptee (CB) to 1027 in Kandri (CT) in Tahsil Ramtek. Out of 41 towns the sex ratio in 15 towns viz., Mowad, Narkhed, Katol, Mohpa, Savner, Khapa, Kanhan (Pipri), Ramtek, Kandri, Kamptee, Yerkheda, Narsala, Nagpur (M.Corp), Waddhamana and Umred are above the District level and in remaining 26 towns are below the District level (954).

Table-9 shows Tahsil wise sex ratio of population in 0–6 age group, in total rural and urban areas of the District.

Table-9: Sex ratio of population in the age group 0-6 for Sub-District, 2011

The child sex ratio of the District is 931. The rural-urban break up is 941 and 926 respectively. In rural area of the District the child sex ratio is higher as compared to the urban part of the District.

In all Tahsils, child sex ratio is less than 1000. Within the District, 9 Tahsils show sex ratio above the District average. These are Narkhed, Katol, Parseoni, Ramtek, Mauda, Nagpur (Rural), Hingna, Umred and Bhiwapur and remaining 5 Tahsils are below the District average (931). In rural area, sex ratio is found highest in Bhiwapur Tahsil (971) and lowest in Kamptee Tahsil (922). In urban areas the highest sex ratio is in Nagpur (Rural) Tahsil (944) and lowest in Kalameshwar Tahsil (883).

Table-10 gives information on population in age-group 0-6 years and child sex ratio for C.D.Blocks during Census 2011.

Table-10: Sex ratio of population in the age group 0-6 for CD Blocks, 2011

	Total	**164963**	**84973**	**79990**	**941**

The child sex ratio for the rural area is 941. In District the sex ratio varies from 922 in Kamptee C.D. Block to 971 in Bhiwapur. The sex ratio in 6 C.D.Blocks viz., Katol, Ramtek, Mauda, Nagpur (Rural), Hingna and Bhiwapur are above the District level and in the remaining 6 C.D.Blocks it is below the District level (941). Only one Umred C.D.Block has the sex ratio equal to District level.

Table-11 shows, distribution of villages in nine ranges of child sex ratio in the rural area of the District.

Table-11: Sex ratio of rural population in the age group 0-6 by ranges, 2011

Range of sex ratio for villages	Number of inhabited villages	Percentage distribution of villages	Population 2011	Percentage distribution of population
1	2	3	4	5
Less than 700	254	15.71	9180	5.56

District: Nagpur (505)	**1617**	**100**	**164963**	**100**

Sex ratio District (Rural): 941

For each range of child sex-ratio, the number and the percentage of villages and the rural population and their percentages are given. For the District, the total number of villages and the total rural population are also shown.

In 685 villages constituting 42.36 percent of total villages covering 35.93 percent of the total District rural population the sex ratio is above 1000. In 499 villages covering 49.4 percentage of rural child population, the rural child sex ratio is in 800-999.

The sex ratio in 254 villages (15.71 percent) is less than 700 however they cover about 5.56 percent of District rural population.

Table-12 gives information on child sex ratio for towns. In the urban areas of different towns, the sex ratio of population in the age group 0-6 varies considerably.

Table-12: Sex ratio of population in the age group 0-6 of towns, 2011

	District (Urban): 505-Nagpur		**332124**	**172465**	**159659**	**926**

The urban child sex-ratio of the District is 926. The highest sex ratio is 1017 in Kandri (CT) in Ramtek Tahsil and the lowest is 771 in Kamptee (CB). Nagpur (M.Corp) has the sex ratio equal to District level.

Scheduled Caste and Scheduled Tribe Population

Census provides the necessary data about the Scheduled Castes and Scheduled Tribes for evolving suitable plans for their socio-economic upliftment. Both the planners and the administrators heavily depend on this data. The total population, the total Scheduled Caste and Scheduled Tribe population and their percentage to total population are given in Table-13 with rural-urban break-up for the District and Tahsils.

Table-13: Number and percentage of Scheduled Caste and Scheduled Tribe population in Sub-Districts, 2011 (Contd.)

	Total	**1474811**	**234062**	**200154**	**15.87**	**13.57**

The percentage of Scheduled Castes and Scheduled Tribes in rural area of the District is 15.87 percent and 13.57 percent respectively. The highest proportion of Scheduled Caste population is 20.2 percent in Bhiwapur C.D. Block and lowest is 11.21 percent in Ramtek. The proportion of Scheduled Caste population is above the District average in 7 C.D.Blocks viz., Kalameshwar, Savner, Parseoni, Nagpur (Rural), Umred, Kuhi and Bhiwapur and below in remaining 6 C.D. Blocks.

The highest proportion of Scheduled Tribe population is 36.66 percent in Ramtek C.D. Block and lowest is 3.52 percent in Kuhi. The proportion of Scheduled Tribe population is above the District average in 5 C.D. Blocks viz., Katol, Ramtek, Hingna, Umred and Bhiwapur and below in remaining 8 C.D.Blocks

The total number of villages and their percentages and the Scheduled Caste rural population and their percentages for eight specified percentage ranges based on the proportion of rural Scheduled Caste population to the total rural population in each village are given in Table-15.

Table-15: Proportion of Scheduled Caste population to total population in villages, 2011

Percentage range of Scheduled Caste population to total population	Number of villages	Percentage	Scheduled Caste population	Percentage
1	2	3	4	5

District: Nagpur(505)	**1617**	**100.00**	**234062**	**100.00**

Out of 1617 villages, 188 villages do not have Scheduled Caste population. The percentage of Scheduled Caste population in 216 villages is less than 5 percent and it accounts for 13.36 percent villages covering merely 1.96 percent of Scheduled Caste population of the District. In 708 villages (43.78 percent) covering 64.89 percent of the rural population of Scheduled Caste population to total population lies between 11-30 percent. Some 220 villages comes under the range 31percent and above accounting for 13.61 percent villages and 22.07 percent of Scheduled Caste population of the District.

Table-16 presents data on proportion of Scheduled Tribe population in rural part for eight specified percentage ranges.

Table-16: Proportion of Scheduled Tribe population to total population in villages, 2011

Percentage range of Scheduled Tribe population to total population	Number of villages	Percentage	Scheduled Tribe population	Percentage
1	2	3	4	5

	District (Urban) : 505-Nagpur	**3178759**	**633651**	**237417**	**19.93**	**7.47**

The proportion of Scheduled Caste population to total population is much higher than proportion of Scheduled Tribe population to total population in the urban area. The highest percent of Scheduled Caste population is in Isasani (CT) where it is 46.45 percent and lowest is 7.06 percent in Mowad (M.Cl). For Scheduled Tribe population, the highest of 45.36 percentage is recorded in Kandri (CT) (Tahsil Ramtek) and lowest of 1.36 percent is found in Kamptee (CB).

The sex-ratio among Scheduled Castes and Scheduled Tribes for the rural areas of the District are shown in Table-18.

Table-18: Sex ratio among Scheduled Castes and Scheduled Tribes (rural) in CD Blocks, 2011

Sr. No.	Name of C.D.Block	Scheduled Castes sex ratio	Scheduled Tribes sex ratio
1	2	3	4
1	0074-Narkhed	929	977
2	0075-Katol	943	978
3	0076-Kalameshwar	954	943

In the District, the percentage of literates is 88.39 with a break-up of 81.92 percent for rural and 91.37 percent for urban. The urban literacy rate in both sexes is higher than the rural literacy rate. Similarly the male literacy rate is also higher than the female literacy rate.

The Tahsil-wise breakup of the total literacy rates shows that Nagpur (Urban) Tahsil has highest literacy rate (91.92 percent) whereas, the lowest literacy rate (78.25) is in Kuhi. There is a significant difference in literacy rates between males and females in all the Tahsils. The gap in male-female literacy rate is 7.58 at District level. Gap in male female literacy rate, in rural areas is higher than in urban area in all Tahsils and District also.

Table-21 presents data on the number of literates and illiterates and the percentage of literates by sex and the gap in male-female literacy rate for the rural areas of the District.

Table-21: Number of literates and illiterates, literacy rate by sex in CD Blocks (rural), 2011

The rural literacy rate for the District is 81.92 percent with 87.59 percent for males and 75.91 percent for females. The male rural literacy rate is higher than female rural literacy rate in the District. Among the 13 C.D. Blocks, the percentage of literates varies from 78.25 percent in Kuhi to 86.23 percent in Nagpur (Rural). The percentage of male literates varies from 84.92 percent in Ramtek to 90.47 percent in Nagpur (Rural) and female literacy rate varies from 71.23 percent in Kuhi to 81.68 percent in Nagpur (Rural).

The gap in male-female rural literacy rate in the District is 11.68. Gap in male–female literacy rate varies from 8.79 points in Nagpur (Rural) C.D. Block to 14.52 points in Bhiwapur.

Table-22 gives the distribution of villages by literacy rate ranges in Census 2011. Literacy rate for the rural part of the District is 81.92.

Table-22: Distribution of villages by literacy rate range, 2011

The urban literacy rate for Scheduled Castes is 90.7 with a break-up of 94.18 for males and 87.18 for females. Amongst 41 towns, the percentage of Scheduled Castes literates varies from 75.47 percent in Kanhan (Pipri) CT to 94.59 in Sonegaon (Nipani). Among males, the Scheduled Castes literacy rate is highest in Mauda CT (97.14) and lowest in Kanhan (Pipri) town (82.42).The literacy rate for female is highest in Sonegaon (Nipani) (92.26) and lowest in Kanhan (Pipri) CT (68.43 percent).

Gap in male-female literacy rate in urban area is 7 points at District level. Gap in male-female literacy rate is highest in Tekadi CT 15.33 points and lowest in Narsala CT 3.58 points.

Table-27 gives, the number of Scheduled Tribes literates and illiterates and their percentages and the gap in male-female literacy rate are given for the rural part of the District.

The literacy rate of Scheduled Tribe population in the rural areas is 75.94, males accounting for 82.97 and females 68.59 respectively. Among 13 C.D. Blocks, the percentage of Scheduled Tribes literates varies from 70.95 percent in Parseoni C.D. Block to 80.25 percent in Nagpur (Rural). The percentage of male literates is highest in Nagpur (Rural) C.D. Block (85.82 percent) and lowest in Parseoni (79.68 percent).The percentage of female literates is highest in Nagpur (Rural) (74.31 percent) and lowest in Parseoni (61.91 percent). The gap in male-female literacy rate is 14.38 points. The gap varies from 11.51 points in Nagpur (Rural) C.D. Block to 17.77 points in Parseoni.

Table-28 presents data on number of villages having Scheduled Tribe population distributed in twelve literacy rate ranges. For each range, the number and the percentage of villages, related Scheduled Tribe rural population and their percentages are given.

Table-28: Distribution of villages by literacy rate range for Scheduled Tribe population (rural), 2011

District: Nagpur(505)	**1415**	**100.00**	**200154**	**100.00**

Literacy rate for District: 75.94

It is observed from the Table that out of total 1617 inhabited villages, 2,00,154 Scheduled Tribe population are concentrated in 1415 villages. The rural literacy rate for the District is 75.94. In 83 villages, the Scheduled Tribes literacy rate is 100 percent. There are 48 villages falling in the literacy rate range below 40 which cover 0.31 percent of Scheduled Tribe rural population. If the adjacent literacy rate ranges are combined, most of the Scheduled Tribe population (92.96) distributed in 1191 villages (84.18) in the District, represent the literacy rate range of above 51 and below 90.

In Table-29, the number of Scheduled Tribe literates and illiterates and the percentage of Scheduled Tribe literates by sex and the gap in male-female literacy rate are given for the urban part of the District.

	District (Urban): Nagpur(505)	**185694**	**99764**	**85930**	**51723**	**21527**	**30196**	**87.50**	**92.09**	**82.72**	**9.37**

The urban literacy rate for Scheduled Tribes in the District is 87.5 with 92.09 for males and 82.72 for females. Among them also, male literacy rate is higher than the female literacy rates.

Among 41 towns, the percentage of Scheduled Tribes literates varies from 73.11 percent in Mohpa M.Cl. to 94.6 in Hudkeshwar Bk. CT. The percentage of male literates is highest in Sonegaon (Nipani) CT (97.77 percent) and lowest in Mohpa (78.57 percent). The percentage of female literates is highest in Hudkeshwar Bk. CT (92.13 percent) and lowest in Narkhed (66.17 percent).

Gap in male-female literacy rate in urban areas is 9.37 points. The gap varies from 1.86 points in Yerkheda CT to 21.58 points in Sillewada.

Work Participation Rate

Nature of one's activity and extent of participation in economically productive works are the decisive factor for such a classification. Level of economic development of different regions within the District, availability of opportunities besides willingness to work especially among women, initiative and entrepreneurship evinced by men folk in general activities are the important factors that influence the distribution of population under these three categories i.e., main workers, marginal workers and non-workers

The work participation for total workers is defined as the percentage of total workers to total population. In a similar way it is defined for main and marginal workers. There has been no conceptual change in defining the workers between 2001 and 2011 census. In 2011 Census, there has been mainly three-fold classification of population namely main workers, marginal workers and non-workers, which was adopted for 2001 also. An addition of one sub-category in marginal workers for those worked up to 3 months only is the small change in presentation of data on marginal workers.

Tahsil-wise number and percentage of main workers, marginal workers and non-workers by sex is presented in Table-30. Census 2011 recorded 35.56 percent of District population as main workers, 4.59 percent as marginal workers and the remaining 59.85 percent as non-workers.

Table-30: Number and percentage of main workers, marginal workers, and non-workers by sex in Sub-Districts, 2011 (Contd.)

Sr. No.	Name of Sub-District	Persons/ Males/ Females	Total population	Main workers		Marginal workers		Total workers (main and marginal workers)		Non workers

	District:	**Persons**	**4653570**	**1654778**	**35.56**	**213782**	**4.59**	**1868560**	**40.15**	**2785010**	**59.85**
	Nagpur (505)	**Males**	**2384975**	**1224048**	**51.32**	**110163**	**4.62**	**1334211**	**55.94**	**1050764**	**44.06**
		Females	**2268595**	**430730**	**18.99**	**103619**	**4.57**	**534349**	**23.55**	**1734246**	**76.45**

Among the main workers, male work participation rate in the District is 51.32 percent while that of female it is 18.99 percent. In case of marginal workers, it is 4.62 percent for males and 4.57 percent for females; where as 44.06 percent of males and 76.45 percent of females are recorded as non-workers in the District.

Proportions of both main and marginal workers are higher among males as compared to females. Among males 51.32 percent and among females 18.99 percent are reported as main workers, while for marginal workers, there are 4.62 percent of males and 4.57 percent of females. The highest percentage of main workers is recorded in Bhiwapur Tahsil (47.50 percent) and lowest is seen in Nagpur (Urban) Tahsil (32.39 percent).

Main workers and marginal workers together account for 40.15 percent total workers, while 59.85 percent are non-workers. 44.06 percent of the males and 76.45 percent of the females are recorded as non-workers.

In Table-31, the number and the percentage of total workers, main workers, marginal workers and non-workers by sex are given for the rural areas of the District.

In rural areas of the District, it is seen that 42.88 percent are main workers, 7.84 percent are marginal workers and the remaining 49.28 percent are non-workers. Among the main workers, male participation rate is 53.40 percent while that of females is 31.73 percent.

C.D.Block-wise study of these data reveals that the percentage of main workers is highest in Bhiwapur C.D.Block (47.50 percent) and lowest in Nagpur (Rural) (36.40 percent). The percentage of marginal workers is highest in Ramtek (11.98 percent) and lowest in Hingna (5.27 percent). It is seen that proportion of female marginal workers is substantially higher than that of males. Nagpur (Rural) C.D.Block recorded the highest percentage of non–workers (56.65 percent) and Kuhi recorded lowest (43.19 percent).

Table-32 shows number and percentage of main workers, marginal workers and non-workers in towns.

In the urban areas of District, the 2011 Census recorded 32.17 percent of population as main workers, 3.09 percent as marginal workers and the remaining 64.75 percent as non-workers.

The sex-wise break up of for main workers in urban areas shows that it is 50.35 percent for males and 13.10 percent for females. Out of 41 towns, the proportion of main workers recorded highest of 46.98 percent in Kamptee (CB) and lowest of 22.55 percent in Kandri (CT) in Ramtek Tahsil. In case of marginal workers, Kandri (CT) recorded highest percentage of 18.28 percent and Digdoh (CT) recorded the lowest of 1.46 percent.

Non-workers constitute 64.75 percent of the total urban population. Female non-workers constitute 84.38 percent while for males it is 46.01 percent.

Table-33 shows the distribution of workers by sex in four categories of economic activity in Tahsils of the District. The relative importance of the main spheres of economic activity may be gauged from the pattern of distribution of workers according to the broad four-fold classification, namely cultivators, agricultural labourers, household industry workers and other workers.

Table-33: Distribution of workers by sex in four categories of economic activity in Sub-District, 2011 (Contd.)

In the District, 11.06 percent workers are recorded as cultivators, 22.67 percent are recorded as agricultural labourers. Agricultural labourers and cultivators together constitute 33.73 percent of the total workers in the District. Percentage of household industry workers is very small as 2.81 percent whereas large proportion i.e., 63.47 percent of workers is reported as other workers.

The proportion of both cultivators and agricultural labourers differs from Tahsil to Tahsil. The highest percentage of cultivators is 31.52 percent in Kuhi and highest percentage of agricultural labourers i.e., 59.36 in Bhiwapur. In both categories, lowest percentage is recorded in Nagpur (urban) Tahsil as 0.58 percent and 0.81 percent respectively. In case of 'household industry workers', Kamptee Tahsil recorded the highest percentage (3.73 percent) and Bhiwapur Tahsil recorded lowest percentage (1.17 percent). In case of 'other workers' category Nagpur (Urban) Tahsil recorded the highest percentage (94.91 percent) and Kuhi Tahsil recorded lowest percentage (10.24 percent).

In the category of cultivators, agricultural labourers and household industry, females account higher percentage than males and in case of 'other workers' category males account higher percentage than female.

Table-34 indicates the distribution of workers by sex in four categories of economic activity in C.D. Blocks.

The economy of the District is primarily agricultural as supported by the fact that cultivators (25.66 percent) and agricultural labourers (51.11 percent) together constitute 76.77 percent of the total main workers of the District. The agricultural sector has thus absorbed a predominant proportion of working force and about 23.24 percent of main workers are engaged in non-agricultural activities. Out this 23.24 percent workers in non-agricultural sector, only 1.67 percent workers are engaged in household industry while 21.57 percent are engaged as other workers.

The highest percentage of cultivators is 33.13 percent in Narkhed C.D. Block and lowest in Nagpur (Rural) (14.21 percent). Among agricultural labourers, Bhiwapur recorded highest percentage (59.36 percent) and lowest is in Nagpur (Rural) (34.01 percent). In case of other workers, Nagpur (Rural) recorded highest percentage (49.05 percent) and lowest is in Narkhed (7.73 percent).

Female workers have higher percentage than males as agricultural labourers (65.54 percent). In case of ‘cultivators’, ‘household industry’ and ‘other workers’ category male accounts higher percentage than females in the District.

In Table-35, the total urban population, the total workers and their four categories with their proportion to total urban workers are presented.

In the urban area the category of 'other workers' shows the highest percentage (91.43 percent) in all four categories, while agricultural labourers accounts for 3.69 percent, cultivators 1.31 percent and household industry workers at 3.57 percent. Among agricultural labourers and household industry workers, there is higher percentage of females than males.

Among other workers, percentage varies between 21.42 percent in Mowad (M.Cl) and 97.51 percent in Sonegaon (Nipani) (CT). Agricultural labours constitute the second predominant category of workers in all the Towns. Females dominate in agricultural labourers in all the Towns. Among agricultural labourers, percentage varies between 0.46 percent in Digdoh (CT) and 60.42 percent in Mowad (M.Cl). In case of cultivators, percentage varies between 0.20 percent in Digdoh (CT) and 17.41 percent in Narkhed (M.Cl).

Brief analysis of the Village Directory and Town Directory data

The highlights of the data based on information collected for Village and Town Directory are presented in Tables-36 to 45. These are mainly related to facilities of education, medical, drinking water, transport and communications, banking, etc. The detail data are compiled for CD Blocks and Towns and a brief analysis has been made for these data for villages and towns.

Table-36 presents data on various facilities available to the villages whereas the similar data for population served by such facilities or beneficiaries are presented in Table-38. A brief note on each such facility along with a Table on appropriate data at which distance such facility is available is made separately.

Table-36: Distribution of villages according to availability of different amenities, 2011 (Contd.)

Education

The facility of education is available in 1,497 villages, which constitute 92.58 percent of the total 1,617 inhabited villages of the District. The highest number of villages with education facility is reported in Kamptee C.D. Block (98.63 percent) and lowest is in Hingna (86.51 percent) (Table-36).The educational facility is available for 99.67 percent of the rural population in the District (Table-37).

The distribution of villages not having certain facilities is given in Table-38. In the District, there are 170 villages not having primary schools, 932 villages without middle schools and 1611 villages without degree colleges (Table–38).

Note:-
* Education includes all education facilities.
^ Medical includes all medical facilities.
# Post office includes post office, telegraph office and Post and telegraph office.
$ Transport communication includes bus service, rail facility and navigable waterways.
@ Bank includes Commercial Bank and Cooperative Bank.
** Telephone includes Telephone, PCO and Mobile.

Table-40 shows the distribution of villages according to population range and facility available. It may be seen that of the 1497 villages having education facilities, cent percent of villages have educational facility in all population size-class, except in case of population size less than 500 where it is 82.73 percent.

Medical

Medical facilities of any type specified in the village directory is available in 425 villages (26.28 percent) covering 56.19 percent of the rural population. The villages having this facility through Primary Health Centres, Sub–Centres and dispensaries serve not only the resident population of concerned villages but also those residing in surrounding villages (Table-36 and 37).

Medical facilities of any type specified in the village directory is available to 26.28 percent villages and it covers 56.19 percent of the rural population. Hospital (or PHC) facility is available to 286 (287) villages within a distance of 5 Kms., to 802 (800) villages at distance of 5 to 10 Kms., and for 488 villages at a distance of more than 10 Kms.

According to the population range (Table-40), the medical facility is available in 7.05 percent of small villages in population range less than 500. The same is 21.88 percent for villages in population range of 500-999 and 50.9 percent for villages in population range of 1000-1999. It is cent percent only in case of population range 5000 and above.

Drinking water

The drinking water amenity is available in all 1,617 villages.

Post Office

As regards rural areas of the District as a whole, the facility of Post and Telegraph is available to 294 villages (18.18 percent) serving 44.18 percent of the rural population. Within 13 C.D. Blocks of the District, the percentage of villages having post and telegraph facility varies from 13.08 percent in Parseoni to 23.18 percent in Kuhi. Within the District the percentage of the population served with post offices varies from 32.66 percent in Parseoni to 54.54 percent in Umred (Table-36 & 37).

Table-38: Distribution of villages not having certain amenities, arranged by distance ranges from the places where these are available, 2011

Postal facility is not available in 1,323 villages. Out of these, 737 villages have this facility at a distance within 5 Kms., whereas 489 villages have it at a distance between 5–10 Kms., and the residents of remaining 97 villages have to travel a distance beyond 10 Kms., for this facility (Table-38).

According to the population size of villages, among 695 villages in population range less than 500, their percentage having postal facility is hardly 2.01 percent (only 14 villages).

$ Transport communication includes bus service, railway facility and navigable waterways.
@ Bank includes Commercial Bank and Cooperative Bank.
** Telephone includes Telephone, PCO and Mobile.

Telephone

The facility of telephone is available in 1,424 villages (88.06 percent), which cover 97.73 percent of rural population of the District. Parseoni C.D. Block with 99.93 percent has the highest percentage of population with telephone facility and Umred with 90.65 percent has the lowest percentage of population with telephone facility in the District (Table-36 & 37).

Telephone facility is not available in 193 villages. Out of these, for 192 villages the facility is available at a distance within 5 Kms., and for 1 village, the facility is available at a distance between 5–10 Kms. (Table-38).

This facility is available in all villages having population 1000 and above. In case of villages with population less than 500, only 503 of them (72.37 percent) have this facility. (Table-40).

Transport and Communications

Transport and communications include bus service, rail amenity and navigable waterways. If a bus stop or a railway station or navigable waterway is located within the territorial jurisdiction of a village, it is considered to have been served by such facility even if it is little away from the actual settlement.

About 1,068 (66.05 percent) villages have communications amenity available, serving 88.38 percent of rural population of the District. Katol C.D. Block constitute 72.39 percent of total villages having the highest proportion of villages with transport/communications facility available while Kuhi with 56.95 percent coverage of villages holds last rank (Table-36 & 37).

Out of 1,617 inhabited villages 551 villages do not have any bus service facility. Of these 551 villages, the residents of 410 villages have to cover a distance up to 5 Kms., to reach a place with such facility, for 140 villages it is between 5–10 Kms., and for 1 village it is beyond 10 Kms. The availability of this facility depends upon the location of the village with reference to road (Table-38).

This facility is available in all villages having population 1000 and above. In case of population less than 500 only 269 villages (38.71 percent) are having this facility (Table-40).

Note:-

* Education includes all education facilities.

^ Medical includes all medical facilities.

Post office includes post office, telegraph office and Post and telegraph office.

$ Transport communication includes bus service, railway facility and navigable waterways.

@ Bank includes Commercial Bank and Cooperative Bank.

** Telephone includes Telephone, PCO and Mobile.

Banks

The facility of banking is available in 136 villages (8.41 percent) serving 29.37 percent of rural population of the District. The proportion of villages with availability of banking facility varies between 11.59 percent of villages in Nagpur (Rural) C.D. Block and 4.91 percent in Katol (Table-36 & 37).

There are 1512 villages which do not have commercial banks in their villages. Of these, this facility is available at distance within 5 Kms., to 129 villages and at 5-10 Kms., to 369 villages and beyond 10 Kms., to 1014 villages. In case of Co-operative banks, there are 1519 villages which do not have this facility within their villages. Of these, it is available to 127 villages at a distance within 5 Kms., and to 498 villages at distance between 5-10 Kms., and to 894 villages at a distance beyond 10 Kms. According to the distribution of villages by population size and facility of banking, among all villages with population size less than 1000, only about 2.3 percent of villages have this facility. About 10.4 percent of villages in range 1000-1999 population, 54.64 percent of villages in range 2000-4999 and 72.41 percent of villages in population range 5000-9999 have banking facility. All the 5 villages with population 10000 and above have this facility.

Agricultural Credit Societies

There are only 387 villages (23.93 percent) having agricultural credit societies serving 55.33 percent of the rural population of the District. The highest proportion of villages with Agricultural credit society is found in the Kamptee C.D. Block (38.36 percent) and lowest is found in Ramtek (14.48 percent) (Table-36 & 37).

This facility is not available in 1,230 villages and out of these, the facility is available for 97 villages at a distance within 5 Kms., for 433 villages at a distance between 5–10 Kms., and for 700 villages at a distance beyond 10 Kms. (Table-38).

In all villages in the population range of 2000 and above the Agricultural credit society facility is available. In case of population range 500 to 999, only in 139 (27.15 percent) villages this facility is available. None of the village in the population range below 500 has this facility.

Approach by pucca road

Road whether pucca or kutcha are the nerve system of a District. They act as an important factor for the development and upliftment of the areas. Road with cement concrete, black top, water bound macadam etc., come under pucca road and the remaining are treated as kutcha roads.

Approach by pucca road facility is available in 1360 villages (84.11 percent) covering 90.68 percent of entire rural population of the District. The proportion of villages with approach by pucca road is highest in Savner C.D. Block (94.31 percent) and lowest in Nagpur (Rural) (74.64 percent) (Table-36).

About 90 to 95 percent of villages with population 1000 above have pucca approach road whereas in case of villages population below 500 only 76.1 percent and with 500-999 population 87.3 percent of villages have this facility.

Power Supply

All villages with population 500 and above have power supply and in case of population less than 500 it is 95.83 percent.

It may be summed up from the foregoing paragraphs that in respect of availability of different types of amenities and facilities, the larger villages have an advantage over the smaller ones. Population size and availability of amenities are directly associated with each other.

Land use pattern

The Table-41 shows the land use pattern in the District, mainly how the available land has been put to different uses under cultivation.

Table-41: Distribution of villages according to land use, 2011

13	0087-Bhiwapur	109	55932.65	60.29	15.99
	Total	**1617**	**759542.52**	**62.14**	**26.60**

Note:- Cultivable area= irrigated area + unirrigated area

Within the District, cultivated area is 62.14 percent of the total area. Only (26.60 percent) of the cultivated area of the District is irrigated. Four C.D. Blocks are above the District average i.e. Parseoni (31.61 percent), Ramtek (31.14 percent), Mauda C.D. Block (67.85 percent) and Kamptee C.D. Block (33.31 percent), these 4 C.D. Blocks have better proportion of the cultivated area under irrigation and remaining 9 C.D. Blocks are below the District average (26.60 percent).

Schools and Colleges

Table-42 presents data on number of schools per 10,000 population in towns. The District has 4 primary schools, 3 middle schools, 2 Secondary/matriculation and 1 senior secondary school per 10,000 populations.

Table-42: Schools/ colleges per 10,000 population in towns, 2011

-

Major Social and Cultural events, Natural and Administrative developments and significant activities during the decade

During the past decade two new villages were created and one village transferred from Savner Tahsil to Narkhed Tahsil (Notification No. REN-24/2001/CR-96/50A/M-10 dated 23/04/2002).

Brief description of places of Religious, Historical or Archaeological importance in the villages and Places of Tourist interest in the towns of the District

Fairs

A large number of fairs are held in the District. Most of the fairs held in the District are associated with important deities and religious festivals. So far as trade is concerned, fairs are complementary to the weekly markets. In the fairs, the traders and shopkeepers set up temporary stalls. Large quantities of agricultural produce and other articles of daily use are brought for sale. The people buy necessary articles in these fairs. There are two fairs held at Ramtek, a town named after "Lord Rama" viz., Ramnavami fair to celebrate the birth anniversary of Lord Rama from Chaitra shuddha 1st to Chaitra shuddha 11th and the other fairs held in the month of Kartika to commemorate the killing of the demon Tripurasur by Rama. On an average, more than thirty thousand pilgrims mostly from Vidarbha region and Madhya Pradesh attend the fair. It is believed that during their exile, Lord Rama, Laxman and Sita stayed for some time on this hill.

Places of Historical and Tourist importance

Forts, old temples and picnic points in the District play an important role in shaping the socio-economic pattern of the District. Ramtek is situated at a height of about 1,508 feet to the north-east of Nagpur city and is the taluka head-quarters. The temple at Ramtek is situated on a hill in the extreme west of Ambagarh ranges, in the northern part of the town and is 500 feet above the town level. To reach the temple one has to climb a hill, known as 'Ramgiri' 'Shendurgiri', 'Tapogiri' i.e. the hill of penance. Besides, there are few other temples in the District viz., Saibaba temple, Maruti temple, Shiva temple and Ambabai temple etc.

In addition to Nagpur city itself, which is famous for oranges, Sitaburdi fort and Amlazari lake and other places of tourist interest including Ganpati temple in Adasa village (Savner Tahsil), Khapa for rich natural surroundings and temples, Mansar village located north of Kamptee is a piligrims place and famous for oranges and deep-oranges spessartite crystals found in the pit known as the "Kamptee lady". Orange barffi (sweet made of oranges) is also famous in the District.

Paradsinga in Katol Tahsil is famous for oranges and other fruits gardens and Ramtek is famous for its location around the foot of detached hill with its fractured stones appearing almost blood red and for its betel leaf and number of temples on the hill. The hill is attached with belief that legendary lord Rama took up his residence here and hence is invested with special sanctity.

Forts

Sitaburdi Fort

Sitaburdi fort is undoubtedly the most distinguished object of tourist interest in the city of Nagpur. The fort stands on the twin hills of sitaburdi. In Gond Region, it was a storage place of military weapons. On 25th January 1822, Colonel Adams converted these hills into a fort. Some freedom fighters were hanged in this fort for participating in '1857 freedom movement'. Grandson of Tipu Sultan was one of them. Now their memorials are there. For some period Gandhiji was also imprisoned in this fort.

Now there is Head Quarters of 118, Infantry Battalion in this fort. Tricolour, our national flag flies over the main building, taking the panoramic view of whole city.

Seminary Hills

A seminary hill is one of the most attractive and beautiful places in the city. 'Kindergarten' schools are located here. It is in the centre of the city near Sitaburdi. Veterinary collage, degree colleges and home science colleges are located in this place.

Maharaj Baug

This is perhaps the oldest garden in Nagpur and is situated on Nagpur-Amravati road, near the Nagpur University. The garden, it is believed was laid out by the Bhosale rulers. The garden is having different species of trees. The grand old trees with their massive trunks speak of their long years of existence and consequently of the antiquity of the Maharaj Baug. There is a small but lovely artificial tank in the centre seating an elephant artistically carved out of black rock. It is laid out on the same pattern as other gardens, having beautiful flower plants planted in gaiety, hanging creepers, lovely soft green lawns, children's corner, playing fountains, which look charming but unlike other gardens it houses a zoo which is an added attraction for the people. The zoo has a rare collection of species of animals and birds like lion and tigers, different types of apes, monkey, deers, spotted antelopes and bears, bird like peacocks and serpents like pythons and cobras. The agricultural college and laboratory are situated close by. There is also a nursery garden where different varieties of plants are grown and sold. The Maharaja Baug can definitely be regarded as one of the most beautiful spot of recreation.

Koradi

Jagdamba temple in Koradi village is very famous in the District. Thousands of people visit this temple daily. 'Navratra Ustav' is celebrated in the temple. The great 'garba and dandiya rass' programmes are held during the Navratras.

Krishnaji Buva math, the Samadhi of a couple, a certain Buva Krishnaji by name thought of taking samadhi but his wife, at the thought of parting away from her husband was overcome by grief and began to shed tears, Krishnaji did not serve from his path and at the time of taking samadhi he blessed his wife by placing his palm on her head and surprisingly enough, she also swooned to death on the spot.

Sahid Laskar Savli dargah is situated to the north-west of Khapa town and was built in memory of one Savli who died fighting the enemies. It is said that, though the head of Sahid Laskar Savli was separated from the trunk, the trunk went on fighting for some time. The dargah was built on the spot where the trunk fell.

Major characteristics of the District, contribution of the District in the form of any historical figure associated with the District

On 1st May 1960, after the formation of Maharashtra State, Nagpur District was given status of Second Capital of Maharashtra State.

Nagpur District is one of the advanced Districts of the State. The industrial development has taken place mostly at Nagpur City and in few smaller towns. There are number of large-scale units such as cotton textile, cotton ginning and pressing, sawing mills, paper and straw board, ceramics, ferro manganese and steel-re-rolling etc.

The most important small-scale industries in the District are cotton textiles, art silk, manufacture of rice from paddy, handloom weaving, carpet weaving, cotton ginning, timber sawing, castings etc. There are a number of cottage industries in the District. The principal cottage industries are handloom

weaving, oil ghanis, tanning and leather goods manufacturing, pottery and bricks, cane and bamboo works dying and printing etc. Cotton weaving in handlooms engages the largest number of workers in the District. Nagpur handloom sarees are very famous and have a good market all over the State. The well-known silk bordered cloth is exported from Nagpur to various part of the country.

The District is rich in minerals. It is endowed with large deposits of manganese ore of both high and low grade. It also has rich deposits of non-cooking coal, lime stone, dolomite clays and ochres.

Nagpur is noted in India for its orange cultivation and for the cotton and silk fabrics woven by the koshti. Despite the keen competition of mill-made cloth, the handlooms still attracts the attention of a large number of buyers. Nagpur is the biggest orange market in India.

Marathi is the local language of the District. Rice, wheat, Jowar constitute the main food items of the people. Ganapati festival, Holi, Diwali, Ramnavami, Navaratri are the religious festivals of the people.

Nagpur is an important administrative commercial and industrial centre. It is well connected by rail, road and air to the other cities of the State and India.

-

Scope of village and Town Directory – column heading wise explanation and coverage of data

Village Directory 2011 Census:-

The Village Directory is being compiled for both inhabited and un-inhabited villages. In the village directory both private and Government facilities/institutions have been given. In case of un-inhabited /depopulated villages, the location code number, name and area of the village is being given universally in Village Directory. The columns relating to the amenities and land use pattern, etc. being left blank and it will be noted against the name of the village that it is un-inhabited/depopulated. The Appendices to Village Directory and Inset Tables based on village Directory data are also prepared for inhabited villages. In the Village Directory format for 2011 Census, there are 121 columns and the details thereon are as follows:

Column No. 1: Serial Number: - Self-explanatory. All the villages within the CD block are presented serially in the ascending order of their location code number.

Column No. 2: Name of village: - Self-explanatory. The names of the villages are shown against this column. This also includes the forest and uninhabited villages.

Column No. 3: Location Code Number of village:-The location code number of the villages are shown against this column.

Column No. 4: Area of the Village: - The area of the villages is given in hectares.

Column No. 5: Total Population: - The total population of the village as per 2011 Census is given against this column.

Column No. 6: Number of Households: - The number of households as per 2011 Census is given in this column.

Amenities:

The availability of different infrastructural amenities such as education, medical, drinking water, post and telegraph, banks, credit societies, recreation and cultural facilities, communication, power, etc., in each village is given in the Village Directory. Wherever the amenities are not available in the village, the distance range code viz; 'a' for <5 km., 'b' for 5-10 km. and 'c' for 10+ km. of the nearest village/town where facility is available is given. Column wise details are given below:

Column No. 7 – 20 Educational Facilities: - All the different educational facilities available in the village is given under these columns. Nursery/LKG/UKG classes are included in Pre-Primary Schools. Classes up to class IV included in Primary School. Classes from V to VII are included in the Middle school. Classes VIII and X included in Secondary School. Classes XI and XII are included in Senior **Secondary School. In case of composite schools like middle school with primary school or secondary** school with middle school, these are also included in the number of primary and middle schools, respectively. The information on the entire educational institutes is given under these columns.

Column No. 21 to 38 - Medical Facilities: - All the different medical facilities available in the village are given under these columns.

Column No. 39 to 46 - Drinking Water: - The information on availability of various types of the drinking water facility within the village is given under these columns.

Column No. 47 to 50 – Availability of Toilet and others:- The information on availability of toilet, Bio-Gas etc., available in the village is given under these columns.

Column No. 51 to 67 Communication (Post & Telegraph and transport):- The information on communication and Post Office, Sub-Post Office, & Telegraph Office, Village PIN Code number, Phone-Landlines, Mobile Phone, Private Courier Facility, Internet Café, etc., available in the village is given under these columns. The information on all various transport facilities whether public/private transport like Bus, Railway Station or Navigable waterways, Taxi, Van, Tractors etc., available in the village is also given under these columns.

Column No. 68 to 79 – Village connected to High ways, Village Roads, Banks and Credit Societies: - The information on all roads connected to village is given under these columns. These include National Highway, State Highway, District Roads and other District roads connected to the village, Pucca roads, Kutcha Roads, Water Bounded Macadam Roads, Navigable Water Ways and Foot Paths is given under these columns. Further, the information on availability of banks, ATM and Agricultural Credit societies in the village is given under these columns.

Column No. 80 to 97 Miscellaneous Facilities: - The information on various miscellaneous facilities available in the village is given under these columns. These includes Self -Help Group, Public Distribution Shop (PDS), Mandi/ Regular Market, Weekly Haat, Agricultural Marketing Society, Nutrition Centre (ICDS), Anganwadi Centre, Others(Nutritional Centres), ASHA, Community Centre, Sports Fields, Sports Club/Recreation Centre, Cinema/Video Halls, Public Library, Public Reading Room, News Paper Supply, Assembly Polling Station, Birth and Death Registration Office.

Columns No. 98 to 101 – Electricity: - Availability of Power Supply in the village, whatever may be the form of its use is given in these columns. These include Electricity for Domestic Use, Electricity for Agricultural Use, Electricity for Commercial Use and Electricity for all purposes.

Column No. 102 and 103-Nearest Town: - The name of the nearest town along with the distance range code is given in these columns.

Land use and Irrigation: - The land use pattern in the Village Directory conforms to the pattern of classification of land use as recommended by the Ministry of Agriculture, Government of India. The Ministry has recommended the maintenance of records of land use pattern under the following 9 categories.

(i)-Column No. 104 -Forests:-This includes all lands classified as forest under any legal enactment dealing with forests or administered as forests, whether State-owned or private and whether wooded or maintained as potential forest land. The area of crops raised in the forest and grazing lands or areas open for grazing within the forests remain included under the forest area.

(ii)-Column No. 105- Area under non-agricultural use:- This includes all lands occupied by buildings, roads and railways or under water, e.g. rivers and canals and other

lands put to uses other than agriculture.

(iii)-Columns No. 106- Barren and un-culturable land:- This includes all barren and unculturable land like mountains, deserts, etc. Land which cannot be brought under cultivation except at an exorbitant cost should be classified as unculturable whether such land is in isolated blocks or within cultivated holdings.

(iv)-Column No. 107- Permanent Pastures and other Grazing Lands:-This includes all grazing lands whether they are permanent pastures and meadows or not. Village common grazing land is included under this head.

(v)-Column No. 108- Land under Miscellaneous Tree Crops, etc.:- This includes all cultivable land which is not included in 'Net area sown' but is put to some agricultural uses. Lands under Causing trees, thatching grasses, bamboo bushes and other groves for fuel, etc. which are not included under 'Orchards' are classified under this category.

(vi)-Column No. 109- Culturable Waste Land: - This includes lands available for cultivation, whether not taken up for cultivation or taken up for cultivation once but not cultivated during the current year and the last five years or more in succession for one reason or other. Such lands may be either fallow or covered with shrubs and jungles which are not put to any use. They may be assessed or unassessed and may lie in isolated blocks or within cultivated holdings. Land once cultivated but not cultivated for five years in succession is also included in this category at the end of the five years.

(vii)-Column No. 110- Fallow Lands other than Current Fallows: - This includes all lands which were taken up for cultivation but are temporarily out of cultivation for a period of not less than one year and not more than five years.

(viii)-Column No. 111- Current Fallows: - This represents cropped area, which is kept fallow during the current year. For example, if any seeding area is not cropped against the same year it may be treated as current fallow.

(ix)-Column No. 112- Net Area Sown: - This represents the total area sown with crops and orchards. Area sown more than once, in the same year is counted only once.

Column No. 113- Total Irrigated Land Area: - It includes all land which is cultivable and irrigated by any source of irrigation. The total irrigated area of the village has been

given under this column.

Column No. 114- Total Un-Irrigated land Area: - Un-Irrigated area includes all land which is cultivable but not irrigated by any source of irrigation. The total un-irrigated land area of the village has been given under this column.

Column No. 115 to 119- Area Irrigated by source: - The area irrigated by various source of irrigation in the village have been given under these columns. The different source of irrigation facilities available in the village are as follows: (i) Canals(C)-Govt. or Pvt., (ii) Wells/Tube-wells (W/TW), (iii) Tanks/Lake(T/L), (iv) Waterfall, (WF) and (v) Others(O).

Columns No.120 to 122-Three most important commodities manufactured:- The names of three most important commodities manufactured in the village are indicated in this column.

C.D.Block level totals of the Village Directory:-

At the end of entries for the Village Directory of each C.D. Block, the totals of different columns are being given wherever possible. However, in case of some of the columns, it may not be possible to work out the CD Block level totals, in such cases the particular of relevant columns are being left blank against C.D.Block level.

Appendices to Village Directory: - The Village Directory also includes the following appendices:

Appendix –I: Summary showing total number of villages having Educational, Medical and other amenities in villages – C.D. Block level.

Appendix I A: Villages by number of Primary Schools.

Appendix I B: Villages by Primary, Middle and Secondary Schools.

Appendix I C: Villages with different sources of drinking water facilities available.

Appendix II: Villages with 5,000 and above population which do not have one or more amenities available.

Appendix -IV: C.D. Block wise list of inhabited villages where no amenity other than drinking water facility is available.

Appendix -V: Summary showing number of Villages not having Scheduled Caste population.

Appendix -VI: Summary showing number of Villages not having Scheduled Tribe population.

Appendix -VII A: List of villages according to the proportion of the Scheduled Castes to the total population by ranges.

Appendix- VII B: List of villages according to the proportion of the Scheduled Tribes to the total population by ranges.

Note explaining the abbreviations used in Town Directory 2011 Census:-

Statement I :- Status and Growth History: Column 1 – Serial Number:- Self explanatory

Column 2 : Class, Name and civic status of town - The Class presented according to population of the towns in 2011 Census is as follows:

Population	**Class**	**Population**	**Class**
100,000 and above	I	10,000 – 19,999	IV
50,000 – 99,999	II	5,000 – 9,999	V
20,000 – 49,999	III	Below - 5,000	VI

The following abbreviations are used to denote the Civic Status of the town.

Civic Status	**Codes**	**Civic Status**	**Codes**
i-Municipal Corporation	M.Corp.	xii – Notified Town Area	NTA
ii-Municipal Committee	MC	xiii – Industrial Notified Area	INA
iii-Municipal Council	M Cl	xiv – Industrial Township	ITS
iv-City Municipal Council	CMC	xv – Township	TS
v-Town Municipal Council	TMC	xvi – Town Panchayat	TP
vi- Municipal Board	MB	xvii – Nagar Panchayat	NP
Vii –Municipality	M	xviii – Town Committee/ Town Area	TC
viii- Cantonment Board/Cantonment	CB	xix – Small Town Committee	ST
ix- Notified Area	NA	xx – Estate Office	EO
x –Notified Town	NT	xxi –Gram Panchayat	GP
xi - Notified Area Committee/ Notified Area Council	NAC	xxii – Census Town	CT

Column 3 - 25: - These columns are self explanatory

Statement II: - Physical Aspects and Location of town, 2009.

Column 1 - 2 : - Serial number and Name of town: - Self explanatory

Columns 3 to 5 - Physical Aspects:-In these columns the Rainfall and Maximum and Minimum Temperature of the town is recorded.

Columns 6 to 12:- Name and road distance of the town (in km.) from the State headquarters, District headquarters, Sub- divisional/Taluk/Tahsil/ Police station/Development Block/ Island HQ., Nearest city with population of one lakh and more, Nearest city with population of five lakh and more, Railway station and Bus route is recorded in these columns respectively. If the names mentioned in these columns are the same as the referent town itself, the distance is recorded as (0) zero.

Statement III – Civic and other Amenities, 2009:-

Column 1 - 2 : Serial number and Name of town: - Self explanatory

Column 3 : Road length (in km.):- The information about the road length (in km.) within the limit of the town is recorded in this column.

Columns 4 to 7- System of drainage: - The system of drainage available in the town is indicated in these columns by the following codes:

System of drainage (Codes) :	Open drainage	OD
	Closed drainage	CD
	Both drainage	BD

Columns 8 to 11-Number of latrines: - The number of various types of latrines available in the town is indicated in these columns.

Columns No. 12 & 13 – Protected water supply: - The information on source of water supply and system of water storage with capacity available in the town are given in these columns in the following codes:

Column 12 (Source of water supply):-

Tap water	T
Tube-well water	TW
Tank Water	TK
Well water	W

Column 13 (System of water storage):-

Over Head Tank	OHT
Service Reservoir	SR
River Infiltration Gallery	RIG
Bore Well Pumping System	BWP
Pressure Tank	PT

The information on 2 major source of water supply is given in column 12 and the system of water storage with capacity against each in kilo-litres (in bracket) is presented in column 13.

Column No. 14 Fire Fighting Service: - In case the fire fighting service is available in the referent town, 'yes' is recorded. If the facility is not available within the town, the name of the nearest place having this facility with its distance from the referent town is recorded.

Column No. 15 to 19- Electrification (Number of connections):- Different types of electric connections are shown in these columns, i.e., Domestic, Industrial, Commercial, Road lighting (points) and others.

Statement IV: Medical Facilities, 2009:-

Column No. 1 - 2 Serial number and Name of town: - Self explanatory

Column No. 3 to 13 :- The number of various medical institutions such as Hospitals, Dispensaries, Health Center, Family Welfare Center, Maternity and Child Welfare Center, Maternity Homes, T.B. Hospital/clinic, Nursing Homes, Charitable Hospital/Nursing Home, Mobile Health Clinic and Others as available in the town, are indicated in these columns (along with number of beds in brackets). If a medical facility is not available in the town, the name of the nearest place and its distance in kilometers from the town where the facility is available is mentioned.

Column No. 14 - Veterinary Hospital:-The Number of Veterinary Hospitals available in the town is given in this column.

Column No. 15 - Medicine Shop:-T he number of Medicine shops available in the town is given in this column.

Statement V: Educational, Recreational and Cultural Facilities, 2009:-

Column No. 1 - 2 Serial number and Name of town: - Self explanatory

Column No. 3 to 15 Educational Facilities:- The information on number of Primary school, Middle school, Secondary school, Senior Secondary school, Arts/Science/ Commerce colleges (of degree level and above), Medical colleges, Engineering colleges, Management Institute/Colleges, Polytechnics, Recognized Shorthand, Typewriting and vocational training Institutions, Non-formal Education Center (Sarva Shiksha Abhiyan Center), Special School for disabled and Others available in the town, are indicated in these columns.If an educational facility is not available in the town, the name of the nearest place and its distance in kilometers from the town where the facility is available is mentioned.

Column No. 16 to 23 – Number of Social, Recreational and Culture Facilities :- The information on number of Home Orphanage, Working Women's Hostels, No. of Old Age Home, Stadium, Cinema Theatre, Auditorium/Community halls, Public libraries and Reading rooms available in the town are given under these column.

Statement VI: Industry and Banking 2009:-

Column No. 1 - 2 Serial number and Name of town: - Self explanatory

Column No. 3 to 5 - Names of three most important commodities manufactured: - The names of three most important commodities manufactured in the town are given under these columns.

Column No. 6 to 8 - Number of banks: - The number of banks available in the referent town both Commercial and Co-operative banks are recorded against these columns.

Column No. 9 & 10 – Number of Agricultural and Non Agricultural Credit Societies: - The number of Agricultural and Non Agricultural Credit Societies available in the referent town are given in these columns.

Statement VII: Civic and other Amenities in Slums, 2009:-

This statement VII provides information on civic and other amenities in all slums whether notified or not and for all towns having statutory bodies, like Municipality, Municipal Corporation, Town area committee etc.

VILLAGE AND TOWN DIRECTORY

SECTION I

VILLAGE DIRECTORY

(a) Brief note on Village Directory

The Village Directory is being compiled for both inhabited and un-inhabited villages. In the village directory both private and government facilities/institutions have been given. In case of un-inhabited /depopulated villages, the location code number, name and area of the village is being given universally in Village Directory and Village PCA. The columns relating to the amenities and land use pattern, etc. being left blank and it will be noted against the name of the village that it is un-inhabited/depopulated. The Appendices to Village Directory and Inset Tables based on village Directory data are also prepared for inhabited villages.

In the Village Directory format for 2011 Census there are 122 columns and the details thereon are as follows:

Columns 1: Serial Number**: -** Self explanatory. All the villages within the CD block are presented serially in the ascending order of their location code number.

Columns 2: Name of village**:** - Self explanatory. The names of the villages are shown against this column. This also includes the forest and uninhabited villages.

Columns 3: Location Code Number of village. The location code numbers of the villages are shown against this column.

Columns 4: Area of the Village: - The area of the villages has been given in hectares.

Column 5: Total Population: - The total population of the village as per 2011 Census has been given against this column.

Column6: Number of Households: - The number of households as per 2011 Census has been given in this column.

Amenities: - The availability of different infrastructural amenities such as education, medical, drinking water, post, telegraph, banks, credit societies, recreation and cultural facilities, communication, power, etc. in each village have been given in the Village Directory. Wherever the amenities are not available in the village, the distance range code viz; 'a' for <5 Kms, 'b' for 5-10 Kms and 'c' for 10+ Kms of the nearest where facility is available is given. Column wise details are given below:

Columns No. 7 – 20 Educational Facilities: - All the different educational facilities available in the village have been given under these columns. Nursery/LKG//UKG classes are included in Pre-Primary Schools, Classes up to class IV included in Primary School; Classes from V to VII are included in the Middle school. Classes from VIII to X included in Secondary School. Classes from XI and XII are included in Senior Secondary School. In case of

composite schools like middle school with primary school or secondary school with middle school, these are also included in the number of primary and middle schools, respectively. The information on the entire educational institutes is given under these columns.

Columns No. 21 to 38 - Medical Facilities: - All the different medical facilities available in the village have been given under these columns.

Columns No. 39 to 46 -Drinking Water: - The information on availability of various types of the drinking water facility within the village has been given under these columns.

Columns No. 47 to 50 – Availability of Toilet and others:- The information on availability of toilet and Bio-Gas etc. available in the village has been given under these columns.

Columns No. 51 to 67 Communication (Post & Telegraph and transport):- The information on communication and Post Office, Sub-Post Office, & Telegraph Office, Village PIN Code number, Phone-Landlines, Mobile Phone, Private Courier Facility, Internet Café, etc; available in the village has been given under these columns. The information on all various transport facilities whether public/private transport like Bus, Railway Station, or Navigable waterways, Taxi , Van, Tractors etc. available in the village has also been given under these columns.

Columns No.68 to 79 – Village connected to High ways, Village Roads, Banks and Credit Societies: - The information on all roads connected to village has been given under these columns. These include National Highway, State Highway, District Roads and other district roads connected to the village, Pucca roads, Kutchcha Roads, Water Bounded Macadam Roads, Navigable Water Ways and Foot Paths has been given under these columns. Further, the information on availability of banks, ATM and Agricultural Credit societies in the village has been given under these columns.

Column No. 80 to 97 Miscellaneous Facilities: - The information on various miscellaneous facilities available in the village has been given under these columns. These includes Self -Help Group, Public Distribution Shop (PDS), Mandi /Regular Market, Weekly Haat, Agricultural Marketing Society, Nutrition Centre(ICDS),Anganwadi Centre, ASHA, Community Centre, Sports Fields, Sports Club/Recreation Centre, Cinema/Video Halls, Public Library, Public Reading Room, News Paper Supply, Assembly Polling Station, Birth and Death Registration Office.

Columns No. 98 to 101 – Electricity: - Availability of Power Supply in the village, whatever may be the form of its use has been given in these columns. These include Electricity for Domestic Use, Electricity for Agriculture Use Electricity for Commercial Use, and Electricity for all purpose Domestic Uses.

Column No. 102 and 103 -Nearest Town: - The name of the nearest town along with the distance range code has been in these columns.

Land use and Irrigation: - The land use patterns in the Village Directory conform to the pattern of classification of land use as recommended by the Ministry of Agriculture, Government of India. The Ministry has recommended the maintenance of records of land use pattern under the following 9 categories.

(i)-Column No. 104 -Forests:-This includes all lands classed as forest under any legal enactment dealing with forests or administered as forests, whether state-owned or private, and whether wooded or maintained as potential forest land. The area of crops raised in the forest and grazing lands or areas open for grazing within the forests remain included under the forest area.

(ii)-Column No. 105- Area under non-agricultural use:-This includes all lands occupied by buildings, roads and railways or under water, e.g. rivers and canals and other lands put to uses other than agriculture.

(iii)-Columns No. 106- Barren and un-culturable land:-This includes all barren and unculturable land like mountains, deserts, etc. land which cannot be brought under cultivation except at an exorbitant cost should be classed as unculturable whether such land is in isolated blocks or within cultivated holdings.

SECTION II
TOWN DIRECTORY

(a) Brief note on Town Directory:-

Statement I :- Status and Growth History:

Column 1 – Serial Number:- Self explanatory

Column 2:- Class, Name and civic status of town:- The Class is presented according to population of the towns in 2011 Census as follows:

Population	**Class**	**Population**	**Class**
100,000 and above	I	10,000 – 19,999	IV
50,000 – 99,999	II	5,000 – 9,999	V
20,000 – 49,999	III	Below - 5,000	VI

The following abbreviations are used to denote the Civic Status of the town.

Civic Status	**Codes**	**Civic Status**	**Codes**
i-Municipal Corporation	M.Corp.	xii – Notified Town Area	NTA
ii-Municipal Committee	MC	xiii – Industrial Notified Area	INA
iii-Municipal Council	M Cl	xiv – Industrial Township	ITS
iv-City Municipal Council	CMC	xv – Township	TS
v-Town Municipal Council	TMC	xvi – Town Panchayat	TP
vi- Municipal Board	MB	xvii – Nagar Panchayat	NP
Vii –Municipality	M	xviii – Town Committee/ Town Area Committee	TC
viii- Cantonment Board/Cantonment	CB	xix – Small Town Committee	ST
ix- Notified Area	NA	xx – Estate Office	EO
x –Notified Town	NT	xxi –Gram Panchayat	GP
xi - Notified Area Committee/ Notified Area Council	NAC	xxii – Census Town	CT

Column 3 - 25: - These columns are self explanatory

Statement II: - Physical Aspects and Location of town, 2009.

Column 1 - 2 Serial number and Name of town: - Self explanatory

Columns 3 to 5 - Physical Aspects:-In these columns the Rainfall and Maximum and Minimum Temperature of the town is recorded.

Columns 6 to 12:- Name and road distance of the town (in kms.) from the State headquarters, District headquarters, Sub-divisional/Taluk/Tahsil/ Police station/Development Block/Island HQ., Nearest city with population of one lakh and more, Nearest city with population of five lakh and more, Railway station and Bus route is recorded in these columns respectively. If

the names mentioned in these columns are the same as the referent town itself, the distance is recorded as (0) zero.

Statement III – Civic and other Amenities, 2009:-

Column 1 - 2 Serial number and Name of town: - Self explanatory

Column 3 – Road length (in km.):- The information about the road length (in km.) within the limit of the town is recorded in this column.

Columns 4 to 7- System of drainage: - The system of drainage available in the town is indicated in these columns by the following codes:

System of drainage	Codes
Open drains	OD
Closed drains	CD
Both drains	BD

Columns 8 to 11-Number of latrines: - The number of various types of latrines available in the town is indicated in these columns.

Columns No. 12 & 13 – Protected water supply: - The information on source of water supply and system of water storage with capacity available in the town are given in these columns in the following codes:

Column 12 (Source of water supply):-

(i)	Tap water	T
(ii)	Tube-well water	TW
(iii)	Tank Water	TK
(iv)	Well water	W

Column 13 (System of water storage):-

(i)	Over Head Tank	OHT
(ii)	Service Reservoir	SR
(iii)	River Infiltration Gallery	RIG
(iv)	Bore Well Pumping System	BWP
(v)	Pressure Tank	PT

The information on 2 major source of water supply is given in column 12 and the system of water storage with capacity against each in kilo-litres (in bracket) is presented in column 13.

Columns 14 Fire Fighting Service: - In case the fire fighting service is available in the referent town, `yes' is recorded. If the facility is not available within the town, the name of the nearest place having this facility with its distance from the referent town has been recorded.

Columns 15 to 19- Electrification (Number of connections):-Different types of electric connections have been shown in these columns, i.e., Domestic, Industrial, Commercial, Road lighting (points) & others.

Statement IV: Medical Facilities, 2009:-

Columns 1 - 2 Serial number and Name of town: - Self explanatory

Columns 3 to 13 :- The number of various medical institutions such as Hospitals, Dispensaries, Health Center, Family Welfare Center, Maternity and Child Welfare Center, Maternity Homes, T.B. Hospital/clinic, Nursing Homes, Charitable Hospital/Nursing Home, Veterinary Hospital, Mobile Health Clinic and Others as available in the town, are indicated in these columns (along with number of beds in brackets).

If a medical facility is not available in the town, the name of the nearest place and its distance in kilometers from the town where the facility is available is mentioned.

Column 14 - Medicine Shop:-The number of Medicine shops available in the town is given in this column.

Statement V: Educational, Recreational and Cultural Facilities, 2009:-

Columns 1 - 2 Serial number and Name of town: - Self explanatory

Columns 3 to 15 Educational Facilities:- The information on number of Primary school, Middle school, Secondary school, Senior Secondary school, Arts/Science/ Commerce colleges (of degree level and above), Medical colleges, Engineering colleges, Management Institute/Colleges, Polytechnics, Recognized Shorthand, Typewriting and vocational training Institutions, Non-formal Education Center (Sarva Shiksha Abhiyan Center), Special School for disabled and Others available in the town, are indicated in these columns.

If an educational facility is not available in the town, the name of the nearest place and its distance in kilometers from the town where the facility is available is mentioned.

Columns 16 to 23 – Number of Social, Recreational and Culture Facilities :- The information on No. of Home Orphanage, Working women's hostels (with No. of seats in bracket), No. of Old Age Home, Stadium, Cinema Theatre, Auditorium/Community halls, Public libraries and Reading rooms available in the town are given under these column.

Statement VI: Industry and Banking 2009:-

Columns 1 - 2 Serial number and Name of town: - Self explanatory

Columns 3 to 5 - Names of three most important commodities manufactured:- The names of three most important commodities manufactured in the town are given under these columns.

Columns 6 to 8 - Number of banks: - The number of banks available in the referent town both Commercial and Co-operative banks are recorded against these columns.

Columns 9 & 10 – Number of Agricultural and Non Agricultural Credit Societies: - The number of Agricultural and Non Agricultural Credit Societies available in the referent town are given in these columns.

Statement VII: Civic and other Amenities in Slums, 2009:-

This statement VII provides information on civic and other amenities in all slums whether notified or not and for all towns having statutory bodies, like Municipality, Municipal Corporation, Town area committee etc.
